Monitoring Officer Comments: No further comments to add. Deputy S151 Officer Comments: No further comments to add
Implications: Without appropriate measures it will leave poor access to local amenities unresolved Risk: The intention of this decision is to comply with legislation and therefore avoid the risk of non-compliance. Value for Money: The on-street parking service is not designed to produce surplus income, but, in line

with government guidelines, to be self-financing.

The consultants selected for this function have previously carried out consultations and design works in the Borough and is familiar with the area. They are also one of the named contractors in the framework agreement for the provision of consultancy for traffic related operations and parking with Watford Borough Council which is available to the three district councils that work within the parking enforcement partnership.

The cost of introducing this scheme is estimated to be £7,000. The budget for the work has been identified with the team's accountant and will be funded from savings from the Group Manager's team.

Options Considered and reasons for rejection:

Not to consult would leave poor access to local amenities unresolved.

BACKGROUND

Berkhamsted Town Council has called for a limited wait bay to be introduced outside the shops in Charles Street to allow access to these local amenities. Currently there is a single yellow line waiting restriction at this location which impacts on parking availability for potential users of the amenities.

The intention of the consultation is to determine the support for proposals to introduce a limited wait bay.
