Monitoring Officer comments: No further comments to add to this report

Deputy Section 151 Officer comments: No comments to add to the report.

Implications: The development of a Mobility Scooter Policy ensures the approach taken by Dacorum Borough Council in assessing the individual requests from tenants for Mobility Scooter storage is consistent and fair. The aim of this policy is to protect the safety of all residents, visitors, staff and contractors in DBC Housing premises whilst not restricting a person's independence.

Risk: By developing a policy and ensuring that there is a consistent approach when dealing with Mobility Scooter issues will minimise the risk to the Council and Housing Landlord Service. Failure to adhere to this policy could result in Tenants, Staff and visitors to HRA assets being at risk of Health & Safety breaches including fire, trip hazards and damage to HRA assets.

Value for Money: Dealing with Mobility Scooter issues effectively and consistently will ensure that the appropriate level of resource is devoted to ensuring effective service delivery. Without an effective policy and procedure the likelihood of significant additional resources being devoted to Mobility Scooter problems is possible.

The effective use of resources being devoted to Mobility Scooter issues ensures value for money
