## Introduction – Councillor Andrew Williams, Leader of the Council

Welcome to Dacorum Borough Council's Statement of Accounts for the financial year 2014/15.

Over the last 12 months the Council has continued to work hard for the people of Dacorum, striving to deliver our vision of working 'in partnership to create a borough which enables the communities of Dacorum to thrive and prosper through our five main priorities.

Our five main priorities are:

- Building community capacity
- Affordable housing
- Regeneration
- Dacorum Delivers (internal operations)
- Clean and Safe environment

Throughout 2014/15 we continued to achieve the successes which will help us to shape the future and realise our ambitions. These achievements reflect the Council's commitment to a High Performance Environment which focuses on helping our employees to unlock their full potential and serve Dacorum residents to the best of their ability. Notable achievements over the last year include:

- The first new council homes in over 20 years were completed in March 2015. This includes over 30 new homes and a homeless hostel. These homes are all part of the 'Building for the Future' programme which will see the Council invest £50m in building 300 new homes across the Borough by 2020.
- We received national recognition in the form of a Certificate of Excellence at the National Housing Maintenance Forum for creating a carbon free 'green' street in Hemel Hempstead. Dacorum invested £0.5m in 64 homes to improve energy efficiency and reduce bills for residents. The work included applying external wall insulation, replacing roofs, installing solar panels and upgrading loft insulation.
- The future of Hertfordshire's sole remaining ice rink was secured thanks to investment from Dacorum Borough Council and the Tesco Pension Fund. The rink in Hemel Hempstead was refurbished late 2014, and will be run by the operator Planet Ice. Through a commercial agreement the Council found a solution that secures the ice rink facility for at least the next ten years, with current operators, Planet Ice, running the rink.
- We successfully secured a grant of £2.4m from the Heritage Lottery Fund (HLF) and the Big Lottery Fund for the restoration project of Jellicoe Water Gardens. The project which aims to restore Jellicoe's important new town garden into an outstanding public space and source of pride to local residents. Initial ground work commenced early 2015 before major works commence in the spring.
- A grant of £250k was secured from Sport England towards 'Get set, Go Dacorum' - a three year programme of activity sessions in various locations across the borough for individuals and families. The programme was put together with input from local people and community groups, where residents can simply turn up and have fun being active and getting healthy.
- We worked closely with the organisers of the Tour of Britain to welcome the world's top cyclists in hosting a stage of Britain's biggest professional bike race. This was a first for Hemel Hempstead, and saw competitors' race into Gadebridge Park on Friday 12 September 2014, live on ITV4. The number of spectators along the route from Berkhamsted to Hemel Hempstead exceeded 25,000.
- Promoted the borough as a good place to live, work and visit. The aim to drive tourism and bring local businesses together continued to be achieved through initiatives like Dacorum's Den and apprenticeships. For the third year running, Dacorum's Den, run jointly by Dacorum

## Introduction

Borough Council and Maylands Partnership, offered £1000 grant funding to local small businesses that impressed the panel of experts with their business proposals.

- Work started on the Hemel Hempstead exciting town centre regeneration project, aimed at improving the experience for visitors. Over the next three years residents can expect to see a large screen display in the town centre where major sporting events will be screened, an interactive fountain, a performance area and a more centrally located bus station.
- Putting the government's One Public Estate initiative into practice, we began work coordinating a cross-sector collaboration to release land, co-locate, make savings and encourage regeneration. Public and voluntary sector community services have been given the go-ahead to create a new modern and efficient home together in the heart of Hemel Hempstead. The new 70,000 square feet three-storey council building, named The Forum, is a key part of the Council's Hemel Evolution programme that is currently transforming the town centre.

The achievements outlined in this introduction demonstrate that Dacorum has continued to thrive through difficult times, and I am confident that our plans for the future will inspire the Borough to go from strength to strength. I look forward to the Council playing a key role in delivering the prosperous future our residents deserve.

**Councillor Andrew Williams**  
**Leader of the Council**

## **Introduction to the Statement of Accounts – James Deane, Corporate Director (Finance & Operations)**

As the Council's Chief Finance Officer, I have pleasure in writing the Explanatory Foreword to Dacorum Borough Council's Statement of Accounts for 2014/15.

After working with the Council's Financial Services team for over four years I was delighted to be appointed to the post of Corporate Director (Finance & Operations) in February 2015. Throughout my time with the team I have been extremely impressed by their professionalism and their enthusiasm to work closely with colleagues across the Council to help deliver the best value for money services for our residents. I am excited to lead the team as they continue to play a key role in dealing with the financial challenges ahead.

Financial services have met the following key objectives over the year:

- to proactively support service delivery initiatives and innovation across the Council;
- to maintain sound financial management practices across the Council;
- to review the Medium Term Financial Strategy to provide a robust financial plan for the Council for the medium- to long-term;
- to advise the Council to ensure that money raised from public taxation is used efficiently and effectively to meet local needs as reflected in the Council's priorities;
- to ensure financial management plays a key role in the performance management of the Council.

The financial future for Local Government remains extremely uncertain, and it is likely that there will be further reductions in support from Central Government in the coming years. However, by reviewing the Medium Term Financial Strategy and financial forecasts the Council has been able to anticipate the core funding reductions and developed positive and ambitious plans for developing the Borough by creating financial capacity to invest in economic and housing growth. The number of investment and regeneration projects presents a unique and exciting opportunity. Financial services will continue to proactively support project teams to ensure that budgets are managed effectively and that the appropriate levels of governance are maintained throughout.

We will respond to the economic challenges by ensuring that we regularly review our Medium Term Financial Strategy and ensure that our forecasts are both robust and prudent. At the same time we will continue adapting to maximise value for money for our tax-payers and aim to avoid impact on front-line service provision. To this end I believe that we have the financial governance structures in place that will enable the Council to remain successful throughout the medium term and beyond.

I hope that this Explanatory Foreword and the notes that follow give you a clear picture of how the figures make up our Statement of Accounts and show you how the cash you paid became the service you received. The Statement of Accounts is required by law and covers various statutory requirements and other relevant information.

The supporting notes are aimed at providing a more straightforward explanation of the often complicated local government financial arrangements. Please provide comments and feedback on the format of the statement of accounts to enable us to make them as user friendly as possible.

**James Deane MA, BA, ACMA, CGMA**  
**Corporate Director (Finance & Operations)**

## **Borough Profile**

The Borough approximately has a population of around 148,000 living in 62,295 homes and around 109,000 residents on the Electoral Register.

The Council holds elections for all Members once every four years. As at 31 March 2015, the Council was made up of 43 Conservatives, 7 Liberal Democrats and 1 Labour Councillor with the last full election held in May 2011.

The Council operates with a Cabinet, three Overview and Scrutiny Committees and an Audit Committee responsible for corporate governance and approval of the Statement of Accounts. There is also a Development Control Committee, Licensing Committee and a Standards Committee.

The Cabinet is chaired by the Leader of the Council. The Cabinet has executive decision making powers and meets monthly. Each of the members of the Cabinet has a portfolio for which they have responsibility.

Although a number of areas of decision making are delegated to the Cabinet and Senior Officers, the full Council retains ultimate responsibility for the Policy and Budgetary Framework of Dacorum Borough Council.

## **Corporate Plan 2012-2015**

The Council's five priorities for the community were reviewed and set during 2012/13 for the period 2012-2015. The priorities drive the Council Improvement Plan and enable the Council and partners to deliver the Community Plan.

The five priorities are:-

### **Regeneration**

- Supporting the growth of businesses, jobs and investment in the area

### **Affordable Housing**

- Improve and increase affordable homes for local people

### **Safe and Clean Environment**

- Create a tidy and safe place for people to live, work and visit

### **Building Community Capacity**

- Enable self-help and volunteering to build communities

### **Dacorum Delivers (internal operations)**

- Ensuring an efficient, effective and modern Council.

The Accounts that follow show how the cash you paid became the service you received in line with the Council's priorities.

## The Statement of Accounts

The Dacorum Borough Council (the Council) Statement of Accounts (the Accounts) has been prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2014/15 (the Code), issued by the Chartered Institute of Public Finance and Accountancy (CIPFA).

The Corporate Director (Finance & Operations), is responsible for the proper administration of the Council's financial affairs, and is required by law to confirm that the Council's system of internal controls can be relied upon to produce an accurate Statement of Accounts. This confirmation is provided in the Statement of Responsibilities.

## Explanatory Foreword

This foreword provides an explanation of the documents incorporated within the Council's Statement of Accounts together with guidance on how best to interpret them. This is followed by a high-level analysis of the events which have had a significant impact on the Accounts.

## Statements

The Accounts report the financial activity of the Council over financial year 2014/15, and the financial position of the Council as at 31 March 2015. In order to present this information clearly, the Accounts encompasses the following elements:

- **Statement of Responsibilities**  
The Council is required to nominate an Officer with statutory responsibility for the proper administration of its financial affairs. For the Council this is the Corporate Director (Finance & Operations). This document explains the statutory responsibilities of this role.
- **Annual Governance Statement**  
The Council is responsible for implementing and maintaining proper arrangements for the governance of its affairs and facilitating the effective exercise of its functions, which include the management of risk. This document describes the Council's approach to these responsibilities.
- **Core Financial Statements**  
These statements report the Council's performance for the year and its financial position as at 31 March 2015. Detail of the individual statements grouped under this heading can be seen below.
- **Supplementary Financial Statements**  
This section provides additional detail regarding significant elements of the Council's financial activity, e.g. the Housing Revenue Account and the Collection Fund.

The Core Financial Statements comprise the following elements:

- **Comprehensive Income and Expenditure Statement**  
This statement shows the accounting cost in the year of providing services in accordance with International Financial Reporting Standards, rather than the amount to be funded from taxation. Authorities raise taxation to cover expenditure in accordance with regulations; this is different from the accounting cost. The taxation position is shown in the Movement in Reserves Statement.
- **Balance Sheet**  
The Balance Sheet shows the value as at 31 March 2015 of the assets and liabilities recognised by the Council. The net assets of the authority (assets less liabilities) are matched by the reserves held by the Council.

## Explanatory Foreword

- **Movement in Reserves Statement**  
This statement shows the movement in the year on the different reserves held by the Council, analysed into 'usable reserves' (i.e. those that can be used to fund expenditure or reduce local taxation) and 'other reserves'.
- **Cash Flow Statement**  
The Cash Flow Statement shows the changes in cash and cash equivalents of the Council during 2014/15. The statement shows how the Council generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities.  
  
*Operating* cash flows are a key indicator of the extent to which the operations of the Council are funded by way of taxation and grant income, or from the recipients of Council services.  
  
*Investing* cash flows represent the extent to which cash inflows and outflows have been made for resources which are intended to contribute to the Council's future service delivery.  
  
*Financing* cash flows are useful in terms of predicting claims on future cash flows by providers of capital (i.e. borrowing) to the Council.
- **Notes to the Core Financial Statements**  
These notes provide additional information relevant to the understanding of the Core Financial Statements.

The Supplementary Financial Statements comprise the following elements:

- **Housing Revenue Account and Notes**  
The Housing Revenue Account (HRA) reflects the Council's statutory duty to maintain a separate account to measure the resources generated and consumed in the provision of council housing during 2014/15, and the cumulative HRA balance.
- **Collection Fund and Notes**  
This note shows the income and expenditure transactions of the Council in respect of the collection and distribution of Council Tax and Non-Domestic (Business) Rates.
- **Audit Opinion**  
The independent auditor's report to the Members of the Council.
- **Glossary**  
A glossary is provided to give definitions for the technical terms used throughout this Statement of Accounts.

## Review of the Year

The review of the year for 2014/15 details performance within the Council's three main accounts:

- **General Fund Revenue Account**

The General Fund incorporates all services not related to the Council's Housing Landlord function. Revenue expenditure is generally incurred on day to day items that are consumed within one year. Expenditure is financed principally from Government Grant, Taxation, and fees and charges.

- **Housing Revenue Account (HRA)**

The HRA refers to services related to the Council's Housing Landlord function. HRA expenditure must be wholly funded from Rental and Service charge income generated from Council Houses. Rental income cannot be used to fund General Fund expenditure.

- **Capital Programme**

Capital expenditure is incurred when an asset is acquired or enhanced and a benefit is derived for a period in excess of one year. Capital expenditure is financed from Capital Receipts, Government Grants, Revenue contributions and Borrowing.

## General Fund Revenue Account

The following charts outline where the Council's revenue money came from, how it was spent and on which services.

### Where the Money Came From

## How the Money was Spent

## What Services Have Been Provided with the Money?

# Explanatory Foreword

## GENERAL FUND

The table below summarises the Council's General Fund Revenue Account for 2014/15:

	<b>Budget £'000</b>	<b>Actual £'000</b>	<b>Variance £'000</b>
<b>Net Cost of Services</b>	<b>20,302</b>	<b>21,391</b>	<b>1,089</b>
Interest (Receipts)/Payments	(187)	(263)	(76)
Capital Charge Adjustments	(3,586)	(5,765)	(2,179)
Other General Government Grants	(2,196)	(4,668)	(2,472)
Pension Adjustments	0	524	524
Revenue Contributions to Capital	472	2,205	1,733
Contributions to/(from) Earmarked Reserves	(274)	(1,798)	(1,524)
<b>Net Council Budget</b>	<b>14,531</b>	<b>11,626</b>	<b>(2,905)</b>
Parish Precepts	628	628	0
<b>Net Council Budget (Incl. Precepts)</b>	<b>15,159</b>	<b>12,254</b>	<b>(2,905)</b>
Revenue Support Grant	(3,017)	(3,017)	0
Retained Business Rates	(1,898)	(212)	1,686
Council Tax	(10,134)	(10,134)	0
Collection Fund Deficit/(Surplus)	(110)	1,154	1,264
<b>Total Income</b>	<b>(15,159)</b>	<b>(12,209)</b>	<b>2,950</b>
<b>(Surplus) / Deficit for the year</b>	<b>0</b>	<b>45</b>	<b>45</b>
Working Balance Brought Forward	(2,697)	(2,697)	
<b>Working Balance Carried Forward</b>	<b>(2,697)</b>	<b>(2,652)</b>	

The overall deficit on the account reduces the Council's working balance by £45k; however this remains in line with the Council's Medium Term Financial Strategy. A detailed breakdown of the movements to and from reserves can be seen in Note 18 to the Accounts.

The Council splits Net Cost of Service budgets between those that can be managed by budget holders (Controllable) and those that can't; mainly year end accounting adjustments (Non-Controllable).

The following paragraphs set out the main budget variations for the General Fund Net Cost of Services split by Controllable and Non-Controllable identified by subjective category:

### Controllable

#### Employees - £422k under budget

- In February 2014, following the triennial actuarial review of the Council's pension scheme, Full Council approved a one-off payment (General Fund element) to reduce the deficit on the pension scheme. At the time of budget approval it was anticipated that this payment would be made in the financial year 2014/15. However, after approval the Council received notification that payment was required in March and therefore would come from the 2013/14 budget. This caused an underspend of £745k
- An overspend of £110k arose from the waste services reconfiguration project team salaries. These costs had been initially budgeted for with the Council's capital programme to be financed through the management of change reserve. The costs were still financed from the earmarked reserve and so had no impact on the Council's overall financial position.

## Explanatory Foreword

- An overspend of £120k was caused in agency costs due to a period of particularly high staff turnover within the Benefits service, along with increased work volumes linked to the general economic downturn. This was financed through unringfenced New Burdens grant income so had no impact on the Council's overall financial provision.
- An overspend of £68k against the original budget was caused by the approval of a graduate scheme. This scheme has been financed through the Council's earmarked reserve so it does not impact on the Council's general fund balance.

### **Premises - £305k above budget**

- An overspend of £120k relates to the Hemel Hempstead Civic Centre. Following the decision to remain in the Civic Centre until transfer to The Forum in January 2017, there have been a number of additional short-term repairs required to ensure that the building remains usable. This includes some of the costs incurred by the Council that arising from the relocation of the library.
- An overspend of £70k has arisen due to demand led repairs and maintenance at Community Centres and open spaces. The works to open spaces were in response to unforeseen incidents, primarily pavement subsidence at the Water Gardens and the repair of flint walls at Gadebridge Park following a number of vehicle incidents.
- The council has taken over the management of 2 Homes of Multiple Occupancy, through the process of Management Orders. This was due to the inadequate state of the properties which were posing a health and safety risk to tenants. Expenditure of £66k has been incurred to bring the properties up to the required standard. This will be recovered in full, as rental income from tenants is being retained by Dacorum until the expense is recovered.

### **Supplies & Services - £503k over budget**

- The Council's budget for the core funding grant to Sportspace was originally based on a proposal to amend the forward funding agreement. This amendment to the funding agreement has been postponed for one financial year causing an overspend of £150k.
- The Council appointed external consultants in 2013/14 to provide project management support for the Forum and associated projects. This was funded from reserves during 2013/14 but the commitment was not included in the base budget for 2014/15 causing an overspend of £85k.
- The Council appointed external consultants to undertake a review of its key contracts, enabling savings to be generated for future years. This was funded from reserves but was unbudgeted expenditure, causing an overspend of £80k.

### **Income - £952 over recovery**

- The Council submitted a claim against HMRC to reclaim VAT paid in previous years. This claim was successful and generated an unbudgeted receipt of £128k.
- An over achievement of income of £198k has arisen in Building and Development due to some large one off applications, along with a general increase in applications. An increase of £115k has been incorporated into the budget for 2015/16.
- An over achievement of £225k of income has arisen on Car Parking in 2 key areas: off-street car parking has generated an additional £115k, due to increased usage of council car parks,

## Explanatory Foreword

and the income from on-street penalty charge notices has exceeded budget by £85k. An increase of £140k has been factored into the budget for 2015/16 (£90k in off-street car parking and £50k in on-street penalty charge income)

- The Council acquired a new investment property in the later part of 2013/14. This, along with rent reviews on its investment property generated an additional £123k income for the year.
- The council has taken over the management of 2 Homes of Multiple Occupancy, through the process of Management Orders. This was due to the inadequate state of the properties which were posing a health and safety risk to tenants. Income of £66k has been accrued to offset the cost of bringing the properties up to the required standard.

### Non-Controllable

The Non-Controllable variances are set out below:

Capital Charges (Reversed no impact on overall outturn)	2,267
Pension Adjustments (Reversed no impact on overall outturn)	(459)
Housing Benefits, Overpayments Provision and Subsidy	32
Bad Debt Provision for Impairment	(63)
Recharges (HRA / General Fund change)	(91)
<b>Total</b>	<b>1,686</b>

### HOUSING REVENUE ACCOUNT (HRA)

The table below summarises the Council's Housing Revenue Account for 2014/15:

	<b>Budget</b>	<b>Actual</b>	<b>Variance</b>
	<b>£'000</b>	<b>£'000</b>	<b>£'000</b>
Dwelling Rents and Service Charges	(54,335)	(54,471)	(136)
Interest on Investment Income	(100)	(173)	(73)
Other Income	(1,696)	(2,005)	(309)
<b>Total Income</b>	<b>(56,131)</b>	<b>(56,649)</b>	<b>(518)</b>
Repairs & Maintenance	12,001	11,667	(334)
Supervision & Management	10,533	10,690	157
Revenue Contribution to Capital	16,485	12,263	(4,222)
Interest Payable	11,665	11,660	(5)
Depreciation	8,908	9,697	789
Other Expenditure	491	705	214
<b>Total Expenditure</b>	<b>60,083</b>	<b>56,682</b>	<b>(3,401)</b>
<b>Contributions to/(from) Earmarked Reserves</b>	<b>(4,190)</b>	<b>(156)</b>	<b>4,034</b>
<b>(Surplus) / Deficit for the year</b>	<b>(238)</b>	<b>(123)</b>	<b>115</b>
Working Balance Brought Forward	(2,777)	(2,777)	0
<b>Working Balance Carried Forward</b>	<b>(3,015)</b>	<b>(2,900)</b>	<b>115</b>

## Explanatory Foreword

The Working Balance for the Housing Revenue Account is now £2.9m, which is consistent with the minimum target balance of 5% of income stated in the Medium Term Financial Strategy.

The major budget variations for the Housing Revenue Account are set out below:

### **Repairs & Maintenance - £334 under budget**

- The outturn reflects efficiency savings across the areas of Responsive Repairs and Void Repairs arising from the new Total Asset Management contract with Osborne which commenced in July 2014.

### **Revenue Contribution to Capital - £4.222m under budget**

- Revenue Contribution to Capital (RCC) is that amount of surplus revenue, generated over the course of the year, which is transferred out of the Housing Revenue Account into the Housing Capital Programme in order to fund capital projects.
- In 2014/15 a revenue contribution was planned to fund the purchase of a large site for the development of new housing. This purchase was delayed while the appropriateness of the site was investigated, and land surveys were completed.
- The delay of the purchase means there is an underspend on the revenue contribution to capital.

### **Depreciation - £789k over budget**

- The annual depreciation charge is the amount that represents the total value of the housing stock that has been 'used' over the course of the year. Dacorum's housing stock is said to have a 'useful economic life' of 60 years, therefore the annual depreciation charge is approximately one sixtieth of the value of the housing stock. The charge for depreciation in 2014/15 is above budget because the value of the housing stock has increased since the budget was set.

### **Contribution to/(from) Earmarked Reserves - £4.034m over budget**

- The 2014/15 budget included a drawdown from earmarked reserves to fund the purchase of a large area of land for the development of new houses. This purchase was delayed while the appropriateness of the site was investigated, and land surveys were completed, and as such the reserve was not drawn down during 2014/15.

### **CAPITAL PROGRAMME**

The table below summarises the Council's Capital Expenditure and Financing for 2014/15:

## Explanatory Foreword

	Budget £'000	Actual £'000	C/Fwd £'000	Variance £'000
General Fund - Finance and Resources	3,245	2,460	758	(27)
General Fund - Housing and Community	5,856	6,540	3	687
General Fund - Strategic Planning & Environment	8,985	7,327	1,103	(555)
Housing Revenue Account	35,050	25,468	8,282	(1,300)
<b>Total Expenditure</b>	<b>53,136</b>	<b>41,795</b>	<b>10,146</b>	<b>(1,195)</b>
Major Repairs Reserve		(2,935)		
Capital Receipts		(21,055)		
Government Grants & Contributions		(2,625)		
Borrowing		0		
Revenue Contributions		(14,336)		
S106 Contributions		(844)		
<b>Total Funding</b>		<b>(41,795)</b>		

The major variations on the Capital Programme are set out below:

### General Fund Schemes

#### Housing & Community

- As part of the highbarns land stabilisation project, the Council incurred unbudgeted expenditure of £653k. This expenditure is for work to the highways which has been fully funded by a contribution from Herts County Council.

#### Strategic Planning & Environment

- There was an underspend of £176k on the Car Park Refurbishment project relating to two schemes which could not be completed during the year. The schemes will still be undertaken and will be accommodated within the future budget allocations.
- During the year, the Council reconfigured residential waste collection. As part of this project, new wheeled bins for the collection of co-mingled waste were procured. Through a successful tender process, the cost of these bins was less than originally anticipated generating a saving of £137k.
- A review of capital schemes during the year meant that funding previously allocated to Neighbourhood Centre Improvements was redirected to other future schemes, producing an in year underspend of £117k.

### Housing Revenue Account Schemes

- An underspend of £331k arose on the new build project at Farm Place Berkhamsted where the tender price was lower than originally anticipated.
- There is an underspend of £970k relating to the transfer of The Point from the General Fund to the HRA, which will be made through an accounting adjustment when approved rather than the use of budget.

### The Council's Financial Outlook

## Explanatory Foreword

The Council's budget for 2015/16 and Medium Term Financial Forecast were approved by Full Council in February 2015. Given the testing economic outlook, the Council is projecting further significant reductions in core grant funding and continuing pressures on income streams and services.

The Council has plans and resources in place to manage successfully through the medium term. The move to "Self Financing" for Council Housing has provided the Council with the control and resources to start a new build programme for the first time in over 30 years.

The Council's medium term capital plans will provide a significant level of investment into the Borough. It is expected that this will have a positive impact on the local economy as well as acting as a catalyst to attract private sector investment and development in Dacorum. The aim of this is to have a further positive impact within the Borough and for the Council through increased business rates or New Homes Bonus.

### **Council Tax Collection**

The net collectable amount in respect of 2014/15 precepting and billing authority Council Tax was £79.4m. The Council achieved a collection rate of 97.7% (2013/14 98.1%). Council Tax arrears for precepting authorities (for all years) amounted to £6.1m as at 31 March 2015.

### **Further Information**

More detailed explanations for the Council's outturn are provided in the report to the Audit Committee meeting held on 24 June 2015, entitled 'Final Outturn 2014/15', which is available on the Council's website: [www.dacorum.gov.uk](http://www.dacorum.gov.uk).

Further information about the Statement of Accounts is available from the Financial Services section at Dacorum Borough Council, Civic Centre, Marlowes, Hemel Hempstead, Hertfordshire, HP1 1HH. In addition, interested members of the public have a statutory right to inspect the accounts before the annual audit is completed. The availability of the accounts for inspection is advertised in the local press.

**James Deane**

**Corporate Director (Finance & Operations)**

# Statement of Responsibilities

## **The Council's responsibilities**

The Council is required to:

- Make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this Council that officer is the Corporate Director (Finance and Operations).
- Manage its affairs to secure economic, efficient and effective use of resources and to safeguard its assets.
- Approve the Statement of Accounts by 30 September 2015. Approval of the Statement of Accounts has been delegated to the Audit Committee.

## **The Corporate Director's (Finance and Operations) responsibilities:**

The Corporate Director (Finance and Operations) is responsible for the preparation of the Council's Statement of Accounts in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (the Code).

In preparing this Statement of Accounts, the Corporate Director (Finance and Operations) has:

- selected suitable accounting policies and then applied them consistently
- made judgements and estimates that were reasonable and prudent
- complied with the local authority Code

The Corporate Director (Finance and Operations) has also:

- kept proper accounting records which were up to date
- taken reasonable steps for the prevention and detection of fraud and other irregularities

I certify that this Statement of Accounts presents a true and fair view of the financial position of the Council as at 31 March 2015, and its income and expenditure for the year ending 31 March 2015.

**James Deane**

**Corporate Director (Finance and Operations)**

# Annual Governance Statement

## Annual Governance Statement 2014/15

### Introduction

Dacorum Borough Council is committed to ensuring that good governance principles and management practices are adopted. This Annual Governance Statement has been produced in accordance with the CIPFA/SOLACE<sup>1</sup> framework *Delivering Good Governance in Local Government* (2007) and meets the statutory requirement set out in Regulation 4(3) of the Accounts and Audit Regulations 2011, which requires authorities to prepare the statement in accordance with proper practices.

The statement is an open and honest self-assessment of the Council's performance across all of its activities and contains a statement of the actions being taken or required in the future to address areas of concern. It is inevitable that, during a rigorous review of the Council's operations, issues will be identified to be addressed and a key element of good governance is to ensure that there is a clear action plan for addressing these issues.

The governance statement covers all significant corporate systems, processes and controls, spanning the whole range of the Council's activities. The statement includes details of how the Council:

- implements its policies;
- delivers high quality services efficiently and effectively;
- meets its values and ethical standards;
- complies with laws and regulations;
- adheres to required processes;
- ensures financial statements and other published performance information are accurate and reliable;
- manages human, financial, environmental and other resources efficiently and effectively.

The self-assessment contained within this statement has been undertaken taking account of assurance statements provided by managers from across the organisation together with regular reviews of risk management. It has also taken account of Internal Audit reports. In preparing this statement, account has been taken of both the statutory codes and the ethical governance tool-kit produced by the IDEA<sup>2</sup> and the CIPFA Financial Advisory Network.

### The importance of Governance

Good governance leads to good management, good performance, good stewardship of public money, good public involvement and, ultimately, good results for residents and other service users. Good governance enables the Council to pursue its 'vision' (as defined in its corporate planning documents) as well as underpinning that vision with mechanisms for control and management of risk. Whatever our successes in the past, we can make no assumptions about the future. In a fast-changing world the maintenance of high standards of good governance requires constant vigilance.

Good governance means:

- focusing on the purpose of the authority and results for the community and creating and implementing a vision for the local area;
- members and officers working together to achieve a common purpose with clearly defined functions and roles;
- promoting the values of the Council and upholding high standards of conduct and behaviour;
- taking informed and transparent decisions which are subject to effective scrutiny, and managing risk;
- developing the capacity and capability of members and officers to be effective;
- involving local people and other stakeholders to ensure strong public accountability.

# Annual Governance Statement

## Scope of responsibility

Dacorum Borough Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for and used economically, efficiently and effectively. The Council also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.

In discharging this overall responsibility, the Council is responsible for putting in place proper arrangements for the governance of its affairs including the management of risk.

Whilst the Cabinet and senior management are responsible for delivering the Council's services and activities within these arrangements, the Audit Committee is responsible for reviewing the effectiveness of these arrangements on behalf of the Council. The Committee is also responsible for making any recommendation necessary as a result of its review or of any issue it identifies as a result of reports from external agencies such as the Audit Commission or the Local Government Ombudsman.

## Purpose of the Governance Framework

The governance framework comprises the systems and processes and culture and values by which the authority is directed and controlled and through which it accounts to, involves and leads the community. It enables the Council to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost-effective services.

The Council's system of internal control is a key element of the framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies and objectives and can therefore only provide reasonable, and not absolute, assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Council's policies and objectives. It evaluates the likelihood of those risks coming to fruition and their impact should they do so and identifies ways to manage them efficiently, effectively and economically.

The governance framework has been in place throughout the financial year which ended on 31 March 2015 and continues to be in place up to the date of the approval of the statement of accounts.

In drawing together this Statement, the Governance Framework has been examined by reviewing the Council's arrangements for the following issues:

- The arrangements for identifying and communicating Dacorum Borough Council's 'vision' and intended outcomes
- Reviewing the 'vision' and its implications for governance arrangements
- Measuring the quality of services for users, ensuring that they are delivered in accordance with our objectives and represent best value for money
- Defining and documenting the roles and responsibilities of members and officers
- Developing, communicating and embedding codes of conduct and defining standards of behaviour for members and staff
- Reviewing and updating the Constitution; Financial Regulations; Scheme of Delegation; and Commissioning & Procurement Standing Orders which clearly define how decisions are taken and the processes and controls to manage risks
- Undertaking the core functions of an Audit Committee
- Ensuring that laws and regulations and internal policies and procedures are complied with and that expenditure is lawful
- Whistle-blowing and investigating complaints from the public
- Identifying the development needs of Members and Senior Officers and providing appropriate training
- Establishing clear channels of communication with all sections of the community and stakeholders and encouraging open consultation
- Incorporating good governance arrangements in respect of Partnerships

# Annual Governance Statement

## The Governance Framework

### Arrangements for identifying and communicating Dacorum Borough Council's vision and intended outcomes.

The Council has worked with its partners in the Dacorum Strategic Network (formerly the Local Strategic Partnership) to develop the Community Strategy *Towards 2021 – the Dacorum Sustainable Community Strategy*. This provides long-term ambitions for the Borough through to 2021. The Dacorum Strategic Network has a specific remit for the health and wellbeing of the Borough whereas Dacorum Look No Further (formerly Destination Dacorum) has a specific remit for the economic well-being of the Borough.

Within this context, during 2014/15 the Council reviewed its overall vision and priorities for its local communities. The Council's aims are captured within its Corporate Plan 2012-2015 which was adopted by the Council in January 2013 and sets out five local community priorities. The five priorities included in the 2012-15 Corporate Plan are:

- Building Community Capacity;
- Safe and Clean Environment;
- Affordable Housing;
- Regeneration;
- Dacorum Delivers.

To help engage communities in setting and achieving this vision and priorities, Dacorum Borough Council is committed to reviewing and improving services to make sure it is providing the services needed by local people. Throughout the year an independent market research company, Opinion Research Services undertakes a residents' tracker survey on our behalf. It is part of our ongoing efforts to understand our residents' opinions and helps us track residents' changing perceptions of their local area. It is part of a Hertfordshire wide survey along with County Council and other districts. The Council has also taken steps to improve communications with service users through its website (to improve accessibility), the corporate complaints procedure, 'GovMetric' (to obtain customer satisfaction information), and the use of social media such as Facebook and Twitter.

To support its overall vision and aims, the Council has continued to review its Medium Term Financial Strategy and 5 year Capital Programme. Reviews were undertaken during 2014/15 and also as part of the budget preparation for 2015/16. With regard to the Capital Programme, this has included aligning resources to priorities through the appraisal of new schemes based on the Council's key priorities. Our 2015/16 budget consultation included a residents' deliberative forum held and facilitated by Opinion Research Services.

The organisation has a robust framework for project management which ensures that all project proposals follow a standard approval and review process involving four key stages. Every project is defined and resourced with named individuals responsible for project and programme delivery. In addition the organisation employs a specialist project management resource to promote high standards of project management across the organisation.

### Reviewing the 'vision' and its implications for governance arrangements

The Council's Corporate Plan is reviewed by Cabinet and then agreed by Council. The plan is designed to cover the four-year period 2012-15 and is reviewed annually to ensure that it remains relevant. The latest Corporate Plan was updated in February 2014.

Cabinet and the Corporate Management Team (CMT) also review performance indicators. All objectives included in business plans are aligned to the vision and priorities and are reviewed corporately by CMT and other senior managers to test completeness and consistency. A corporate review of 2015/16 performance objectives including setting new targets was undertaken by Assistant Directors and Corporate Directors in March 2015.

The Corporate Improvement and Innovation Team lead and advise on standards in relation to performance and project management and they have introduced a number of initiatives to ensure the

# Annual Governance Statement

organisation makes progress in this area. This includes performance clinics and reviews of operational performance management.

The Performance Board has an advisory and scrutiny role and makes recommendations on the types of projects and how they are to be resourced to the Cabinet or Portfolio Holder (as appropriate), so that the Board's recommendations can be carried forward into formal decisions. Projects that require capital expenditure are considered in the first instance by the Capital Strategy Steering Group (CSSG). This is largely an officer group but also includes the Portfolio Holder for Finance and Resources to represent Cabinet. The CSSG appraises the projects and makes recommendations to Cabinet for referral to Council (as required).

In addition, CMT receive updates on the work and recommendations of five working groups:

- Regeneration;
- Organisational Transformation;
- Community and Localism;
- Sustainable Environment; and
- Property Management

## **Measuring the quality of services for users, ensuring that they are delivered in accordance with our objectives and represent best value for money**

The Council specifies service standards for those aspects of service delivery which are reflected in Service Plans. Satisfaction surveys are undertaken by key services following the provision of services.

In the preparation of their service plans, managers are required to consider a number of items including measuring the value for money provided by their service and to set out measures for improving it in the future.

The Council has also rolled out a programme of actions to promote evidence based decision making which supports teams to make better use of data and ensure that actions are closely linked to outcomes and impacts.

In the External Auditor's Annual Governance Report for 2013/14, the most recent undertaken, (reported to the Audit Committee on 30 July 2014), the Auditor concluded that the Council had made appropriate arrangements to secure economy, efficiency and effectiveness of its resources, and to secure financial resilience.

## **Defining and documenting the roles and responsibilities of Members and Officers.**

The Council aims to ensure that the roles and responsibilities for governance are defined and allocated so that accountability for decisions made and actions taken are clear, and these are included in the Council's Constitution.

In May of each year the Council appoints the Mayor, Deputy Mayor and the Leader of the Council. The Leader appoints the Deputy Leader and the Cabinet Members and allocates to them responsibility for the various executive functions or "Portfolios".

Additionally, the Council appoints Committees to discharge the Council's regulatory and scrutiny responsibilities. These, together with the delegated responsibilities of officers, are set out in Part 3 of the Council's Constitution (Responsibility for Functions). Appropriate training for members is provided. All Committees and the various internal corporate officer groups supporting the Council's governance framework also have defined terms of reference. The officer groups include the Capital Strategy Steering Group, and five Corporate Working Groups. These are the Regeneration Corporate Working Group, the Environment Corporate Working Group, The Organisational Transformation Corporate Working Group, the Community and Localism Corporate Working Group and the Property Management Corporate Working Group. The Audit Committee provides assurance to the Council on the effectiveness of the governance arrangements and internal control environment.

# Annual Governance Statement

The Council's Chief Executive, as the Council's Head of Paid Service, has overall corporate policy management and operational responsibility and chairs the Corporate Management Team. Cross-organisational management groups are also in place for Assistant Directors and Group Managers to address cross-directorate operational issues.

All staff have clear conditions of employment and job descriptions which set out their roles and responsibilities. Job descriptions are reviewed as part of the annual performance appraisal.

The Corporate Director (Finance & Operations), as the Council's Section 151 Officer, has overall responsibility for the administration of the financial affairs of the Council, for keeping proper financial records and accounts and for maintaining an effective system of internal financial control. The finance function provides support for the budget preparation and financial monitoring process. The Corporate Director (Finance & Operations) is the lead officer for the Audit Committee. The Corporate Director (Finance & Operations) has appointed the Assistant Director (Finance & Resources) as the Deputy Section 151 Officer in his absence.

The Assistant Director (Chief Executive's Unit), as the Council's Monitoring Officer, has overall responsibility for legal compliance and has appointed the Group Manager (Legal Governance) as the Deputy Monitoring Officer. All Legal Services staff work closely with departments to advise on legal requirements. The Assistant Director (Chief Executive's Unit) is also the lead officer on Member and employee conduct and supports the Standards Committee and its Sub-Committees.

## **Developing, communicating and embedding codes of conduct and defining standards of behaviour for Members and staff**

The Council has adopted a 'local' Code of Conduct for Members in accordance with the Localism Act 2011. The Code was adopted in July 2012 and includes the mandatory provisions relating to the registration and declaration of Disclosable Pecuniary Interests.

Rachel Keil is the Council's Independent Person for the purposes of the Localism Act as part of the Council's arrangements for dealing with complaints about Members.

All elected and co-opted Members are aware of the Code and have entered their interests in the Register of Members' Interests. The Register is published on the Council's website as required by the Localism Act.

The Council also re-appointed the Standards Committee, which will continue to oversee the promotion of high standards among Members and will deal with allegations of breaches of the Members' Code.

Part 5 of the Constitution contains the Code of Conduct for Members. It sets out seven general principles: Selflessness, Honesty, Integrity, Objectivity, Accountability, Openness and Leadership. The Code requires Members to show respect for others and uphold the law. Compliance with the Code is monitored by the Standards Committee. Part 5 of the Constitution also contains sections on:

- Code of Conduct for Employees;
- Protocol for Member/Officer relations;
- Planning Code of Practice;
- Whistle Blowing Policy.

Training on the Employees' Code of Conduct as well as governance issues, has been provided during the year. The Employees' Code of Conduct is included within the officer Induction Training Programme for all new employees.

## **Reviewing and Updating the Constitution, Financial Regulations, Scheme of Delegation and Commissioning & Procurement Standing Orders which clearly define how decisions are taken and the processes and controls to manage risks**

The Council's Constitution sets out how the Council operates and the processes for policy and decision making. Various amendments were made to the Constitution and approved by Council during 2014/15

# Annual Governance Statement

to enable the Constitution to remain fit for purpose. During 2014/15 the Scheme of Delegation has been amended in order to ensure that it is up to date. It has not been necessary to make more substantial changes to the Constitution during 2014/15.

Financial Regulations and Commissioning & Procurement policies were reviewed in June 2014.

During 2014/15 the Council reviewed the authorisation levels for awarding contracts.

Previously any contract which was valued above £50,000 was subject to a Portfolio Holder decision.

After a review of this process it was agreed by Full Council that only contracts that were valued at £500,000 or above were subject to a Portfolio Holder Decision, for all contract values below this figure a certificate of authorisation must be signed by the officer with the relevant authority as stipulated in the Financial Regulations.

For contracts valued between £50,001 and £499,999 an officer decision record sheet is produced and is sent to Statutory Officers to review and comment upon before being signed by the officer with the relevant authority as stipulated in the Financial Regulations and is then sent to Member Support for publication.

The Council has overall responsibility for the approval of the financial and policy framework, namely: the Council's Budget, Medium Term Financial Strategy, the Corporate Plan, the Development Plan and other plans and strategies that have a borough-wide application.

The Cabinet is responsible for the discharge of most of the main functions of the authority that are not the responsibility of full Council. As such, the Cabinet is the main decision-making body of the Council and its decisions, whilst subject to scrutiny, are ultimately not capable of being overturned, other than through legal proceedings. The Cabinet also makes recommendations to Council for approval on financial and policy framework matters.

The decision-making process is reviewed by a scrutiny function which has the power to call in decisions made. It also undertakes some pre-decision scrutiny and some policy development work.

Authority to make day-to-day operational decisions is detailed in Part 3 of the Council's Constitution 'Responsibility for Functions'.

Procedures governing the Council's operations include Financial Regulations, Commissioning & Procurement Standing Orders and the Risk Management Strategy. Ensuring compliance with these procedures is the responsibility of managers across the Council. Internal Audit checks procedures are complied with as part of the Annual Audit Plan. In addition key corporate strategies provide the framework for key decisions: these include the Corporate Plan, Medium Term Financial Strategy, Capital Strategy and Asset Management Plan.

The Finance & Resources Overview and Scrutiny Committee oversees the effectiveness of the risk management arrangements.

The Procurement Governance Framework includes the Commissioning & Procurement Standing Orders, Commissioning & Procurement Strategy, Selling to the Council Guide, Small and Medium Entity Protocol and Terms of Reference for the Procurement Board.

The Council's Corporate Business Continuity Plan was reviewed and updated in light of the programme of Information and Communications Technology (ICT) infrastructure improvements. The Council also has a number of service-specific business continuity plans in place which are updated annually as part of the service plan process.

## **Undertaking the core functions of an Audit Committee**

The Audit Committee has been established by the Council. When the Committee was established its terms of reference were prepared to ensure that it complies fully with the advice provided by CIPFA<sup>3</sup>. The key areas covered by the terms of reference of the Committee are Audit Activity, Regulatory Framework, Accounts and Ombudsman.

---

<sup>3</sup> Audit Committee – Practical Guidance for Local Authorities published 2005.

# Annual Governance Statement

## **Ensuring that laws and regulations and internal policies and procedures are complied with and that expenditure is lawful.**

All reports going to Cabinet or Portfolio Holders are properly scrutinised for governance issues by the Statutory Officers. Reports to Council, Cabinet and Portfolio holders for Portfolio Holder decisions contain comments from the Monitoring Officer and the Section 151 Officer. In addition, all key executive decisions taken by officers under delegated powers are required to be recorded on an executive decision sheet which must include the comments of the section 151 officer and the Monitoring Officer.

All Cabinet draft reports are made available for the Statutory Officers to review and comment upon prior to submission to Member Support for publication. Any legal or financial issues arising out of the draft reports are discussed with the report author and resolved prior to the report being issued to Member Support who then compile the agenda and publish the reports.

The Report Template requires the report author to consider and provide the following information:

- Whether the report is part I or part II (part II items contain confidential or exempt information from which the general public are excluded – when an item is classified as part II then a reason has to be provided);
- Purpose of the report;
- Recommendations;
- Link to Corporate Objectives;
- Financial and Value For Money Implications;
- Risk Implications;
- Equalities Implications;
- Health and Safety Implications;
- Monitoring Officer Comments;
- S151 Officer Comments;
- Consultees;
- Background papers.

Statutory Officers, Corporate Directors and Assistant Directors provide further representations and assurances in the form of signed assurance statements, that sound systems of internal control and processes for managing risk have been implemented within the service areas for which they are responsible, and that the Council's own internal controls have been complied with. Assurance statements have to be submitted annually to the Assistant Director (Chief Executive's Unit).

## **Compliance with the Regulation of Investigatory Powers Act (RIPA)**

The Council is required to monitor its use of covert surveillance under RIPA. The Assistant Director (Chief Executive's Unit) submits an annual statistical return to the Office of the Surveillance Commissioner (OSC) on the use of covert surveillance.

In compliance with the revised Home Office Codes of Practice the Assistant Director (Legal, Democratic & Regulatory) has been designated as the Council's Senior Responsible Officer with overall responsibility for ensuring that the Council complies with RIPA and with the Council's own policy and procedures on the use of covert surveillance.

During 2014/15 only one application was made for an authorisation under RIPA to carry out covert surveillance. The Council therefore remains a sparing user of directed surveillance.

All local authorities are subject to a three year cycle of inspections carried out on behalf of the Chief Surveillance Commissioner. In November 2014 the Council received an inspection visit from the Assistant Surveillance Commissioner. The subsequent inspection report concluded that the Council's RIPA structure remains in good working order, with a sound Policy and good record keeping. The report contained three relatively minor recommendations which have been implemented.

# Annual Governance Statement

## **Compliance with the Data Protection Act (DPA)**

Under the DPA 1998 the Council is required to take appropriate technical and organisational measures against the unauthorised or unlawful processing of personal data and against accidental loss or destruction of, or damage to, personal data and to ensure an appropriate level of security.

The Information Security Team Leader post, reporting to the Assistant Director (Chief Executive Unit) is the Council's designated Senior Information Risk Officer (SIRO). The SIRO has responsibility for managing information risk on behalf of the Chief Executive and Corporate Management Team. The Information Security Team Leader has adopted the ICO's reporting template for potential breaches, and is in the process of creating a corporate information security risk register.

In 2014/15 the Data Protection Act and Information Security workshop training was made mandatory and is provided on a quarterly basis to current and new staff. The training has been updated to focus on types of breaches, offences, and how to report a breach and direction is given to where the policies and procedures are located. All Data Protection and Information Security Policies are linked to the Council's conduct procedures.

The requirement to achieve compliance to the Cabinet Office's Public Sector Network (PSN) framework has consequentially provided robust policies and information technology security.

In 2014 two Council laptops were stolen from employees but no action was taken by the ICO because all Council laptops are encrypted and therefore no personal data could be accessed from the devices. This policy is a direct result of PSN compliance which in this case negated the ICO to take punitive action.

In the first 6 months of 2015 there have not been any breaches reported to Legal Governance

## **Whistle-blowing and investigating complaints from the public.**

The Council takes fraud, corruption and maladministration very seriously and has the following policies that aim to prevent or deal with such occurrences:

- Anti-fraud Policy
- Whistle-blowing Policy
- Human resources policies regarding the disciplining of staff involved in such incidents.

Fraud Awareness, Anti-Money Laundering and Whistle-blowing training are Compulsory Training Requirements for all staff.

A corporate complaints procedure is in place for the Council to receive and investigate any complaint made against it, or against a member of staff. Complaints against Members relating to alleged breaches of the Members Code of Conduct are subject to a separate complaints process for which the Monitoring Officer and Standards Committee are responsible for dealing with, as referred to above.

## **Identifying the development needs of Members and Senior Officers and providing appropriate training.**

The Council aims to ensure that Members and employees have the skills, knowledge and capacity they need to discharge their responsibilities and recognises the value of well trained and competent people in effective service delivery. All new Members and staff undertake an induction to familiarise them with protocols, procedures, values and aims of the Council.

# Annual Governance Statement

In 2009/10 the Council achieved Elected Member Charter Status and, while not renewing the status this year the Council has continued to show the commitment to Member Development developed during this exercise. The Council is committed to developing and supporting elected members. The processes put in place to achieve the Charter have helped the Council adopt a structured approach to Councillor Development and to build elected member capacity. This is particularly important given the ever changing skills and competencies essential to fulfil the requirements of being a councillor and to deal with the influx of new Members as a result of all out elections in May 2015 .

As part of the commitment to the Member training programme, attendance is registered and monitored. During 2014/15, Members attended 16 specific events and also attended additional courses and conferences. Details of the events and attendance levels are set out in the table below:

Course	Date	Attendance
1 :1 Housing Appeals		1
New Build Site Visits	09 July 2014	8
Individual Electoral Registration Update	09 July 2014	21
1:1 Development Control Committee	July 2014	1
Public Speaking	23 July 2014	9
Recycle 4 Dacorum / CCTV	24 July 2014	27
I.T Training	18 September 2014	3
Solving Local Government Finance Jigsaw	23 October 2014	9
Understanding Local Government Finances	4 November 2014	12
Emergency Planning Awareness	19 November 2014	7
Learn More About Your Ward	26 November 2014	5
Audit Training	17 December 2014	5
Safeguarding vulnerable children & adults	14 January 2015	9
Representing the Council on Outside Organisations	29 January 2015	5
Managing Difficult People & Situations	17 February 2015	5
Information Security / Data Protection	10 March 2015	6

Annual Performance Appraisals of staff are carried out which identify competencies and any training needs. These competencies have been developed to reflect skills and abilities needed to deliver services throughout the organisation. All Council employees have individual training records, held on the Council's Employee Information System providing details of the courses attended.

The Council sets standards of behaviour and performance for all staff and assessments of these standards are undertaken as part of annual performance reviews undertaken at year-end and interim reviews carried out during the year.

The Council has retained the Investors in People accreditation following reassessment in 2012/13. The accreditation lasts for three years.

## **Establishing clear channels of communication with all sections of the community and stakeholders and encouraging open consultation**

The Council's planning and decision-making processes are designed to include consultation with local people and stakeholders and to take account of their views.

Arrangements for consultation and gauging local views include consultation with the Town and Parish Councils, the Tenant and Leaseholder Committee, Citizens Panel and resident associations.

# Annual Governance Statement

The Council runs a Local Petition Scheme which helps neighbourhood action groups to set the agenda for future improvements to local areas. Our magazine Dacorum Digest and the Dacorum Borough Council website are the main methods for communicating with the Borough's residents about our roles and responsibilities and our plans for the future. We have also developed close relationships with local broadcast and newspaper journalists. We have social media accounts on Facebook, Twitter and YouTube. We also run campaigns on specific issues which make use of community noticeboards and campaign materials in our three Civic Centre reception areas, as well as occasionally making use of radio and newspaper advertising

## **Incorporating good governance arrangements in respect of Partnerships**

The Council participates in a number of partnerships aimed at improving services provided to the community, such as the Dacorum Strategic Network and Destination Dacorum and various Community Safety Partnerships.

When drawing together different partners with varying organisational cultures and methodologies for handling governance issues, it is important that clear protocols are established at an early stage to minimise and manage risk. The Council keeps its register of Partnerships under constant review.

## **A Review of the Effectiveness of the Governance Framework and System of Internal Control**

Dacorum Borough Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the work of the senior managers within the Council who have responsibility for the development and maintenance of governance systems, the Internal Audit Annual Report, and also recommendations and comments made by the External Auditors and other review agencies and inspectorates.

Throughout 2014/15, the Council's Internal Audit service was provided by Mazars Public Sector Internal Audit Limited. The independent opinion on the adequacy and effectiveness of the Council's system of internal control has been provided by Mazars Public Sector Internal Audit Limited, and is based on an internal audit methodology that complies with international auditing standards.

# Annual Governance Statement

## The process applied in maintaining and reviewing the effectiveness of the governance framework

The key elements of the process are summarised in the following table:

Key element	Role and Activity during the year
Council	<ul style="list-style-type: none"> <li>○ Approve Constitution including: Financial Regulations; Codes of Conduct; Commissioning &amp; Procurement Standing Orders; Scheme of Delegation</li> <li>○ Set budget and policy framework</li> </ul>
Cabinet	<ul style="list-style-type: none"> <li>○ Financial, performance and risk management of service delivery within the Budget and Policy Framework set by Council – quarterly reports</li> <li>○ Responsibility for key decisions and initiating corrective action in relation to risk and internal control issues</li> <li>○ Monthly public meetings (excluding any summer recess)</li> <li>○ Regular briefings with Chief Officers</li> </ul>
Audit Committee	<ul style="list-style-type: none"> <li>○ Five scheduled meetings per annum</li> <li>○ Review and scrutinise the outcome of Internal and External audit reports and those of other external agencies such as the Ombudsman</li> <li>○ Monitor the Governance arrangements within the Council</li> <li>○ Delegated responsibility to scrutinise and approve the Financial Statements on behalf of the Council</li> <li>○ To consider the External Auditor's report to those charged with Governance on issues arising from the audit of the accounts</li> </ul>
Overview and Scrutiny Committees: <ul style="list-style-type: none"> <li>○ Housing &amp; Community</li> <li>○ Strategic Planning &amp; Environment</li> <li>○ Finance &amp; Resources</li> </ul>	<ul style="list-style-type: none"> <li>○ To provide overview and scrutiny and policy development role in relation to business associated with the Cabinet Portfolios</li> <li>○ To monitor the performance of relevant Council services, including services which are provided under contract or agreement by external organisations or private sector companies</li> </ul>
Standards Committee	<ul style="list-style-type: none"> <li>○ Consider allegations of breaches of the Code of Conduct</li> <li>○ Promote and maintain high standards of conduct by the members of the Council</li> </ul>
Internal Audit – (outsourced service provided by Mazars)	<ul style="list-style-type: none"> <li>○ Set overall internal audit strategy to meet the Council's overall direction</li> <li>○ Undertake an annual programme of audits</li> <li>○ Present audit reports to Management and Audit Committee</li> <li>○ Present progress reports to Audit Committee measuring performance against the Audit Plan</li> </ul>
Chief Executive (Head of Paid Service)	<ul style="list-style-type: none"> <li>○ Overall corporate policy management and operational responsibility</li> <li>○ Chairman of Corporate Management Team</li> </ul>

## Annual Governance Statement

Monitoring Officer (Assistant Director (Chief Executives Unit))	<ul style="list-style-type: none"> <li>○ Maintain the Constitution</li> <li>○ Ensure lawfulness and fairness of decision making</li> <li>○ Supporting the Standards Committee</li> <li>○ Receive complaints and decide whether they merit further investigation. If the complaint is investigated to report the outcome to the Standards Committee for a decision and ensure the correct procedural steps are followed and appropriate assistance is given to the Committee throughout the process</li> <li>○ Act as the Senior Information Risk Officer</li> <li>○ Act as the Senior Responsible Officer (RIPA)</li> <li>○ Proper officer for access to information</li> <li>○ Advise whether Cabinet and Portfolio Holder decisions are within the Council's budget and policy framework</li> <li>○ Provide advice and contribute to corporate management as a member of Corporate Management Team</li> </ul>
Section 151 Officer (Corporate Director (Finance & Operations))	<ul style="list-style-type: none"> <li>○ Ensure lawfulness and financial prudence of decision making</li> <li>○ Responsibility for administration of financial affairs of the Council and keep proper financial records and accounts for maintaining an effective system of internal financial controls</li> <li>○ Contribute to corporate management as a member of Corporate Management Team</li> <li>○ Provide professional financial advice to Members including the scope of powers and authority to take decisions, maladministration, financial impropriety, probity and budget and policy framework issues</li> <li>○ Provide financial information to the media, members of the public and community</li> </ul>
Statutory Officers Comments – Monitoring Officer and Section 151 Officer	<ul style="list-style-type: none"> <li>○ Statutory officers review all Cabinet and Portfolio Holder Decision reports to consider and comment within the report on legal and financial implications arising out of the report</li> <li>○ Review of governance issues arising out of day to day working practices</li> <li>○ Consider issues arising out of the annual assurance statements</li> </ul>
Corporate Directors	<ul style="list-style-type: none"> <li>○ Overall strategic and operational management of those services falling within each individual directorate</li> <li>○ Contribute to corporate management as a member of Corporate Management Team</li> </ul>
Corporate Management Team	<ul style="list-style-type: none"> <li>○ Monthly review of budget, performance and Improving Dacorum Programme</li> <li>○ Quarterly review of strategic risk management</li> </ul>

# Annual Governance Statement

## Statement by Leading Member (Leader of the Council) and Leading Officer (Chief Executive) of the Council

We have been advised of the result of the review of the effectiveness of the governance framework by the Audit Committee and a plan to address the weaknesses and ensure continuous improvement of the system is in place. We have identified the significant governance issues below.

### Significant governance issues

The Council's Internal Audit service, Mazars Public Sector Internal Audit Limited, undertook a total of 13 reviews in 2013/14, of which 12 (92%) were rated as providing a full or substantial level of assurance, and one (8%) provided limited assurance.

The single Limited Assurance report included a Priority 1 recommendation. Priority 1 recommendations relate to issues that are deemed to be fundamental to the systems concerned and upon which immediate action has been taken. This related to:

**Contract Management – Key Performance Indicators as specified in contracts between the Council and the Contractor should be formally monitored and recorded.** Formal contract management guidance has been produced and is shown in a separate section within the Commissioning & Procurement Standing Orders (CPSOs). The CPSOs and the Commissioning & Procurement Strategy were revised to take account of the outcomes of the 'Review of Procurement' and were presented to Scrutiny and Cabinet in June 2014 and adopted by Council in July 2014. The updated CPSOs state that for all key Council contracts or contracts with a value above the EU threshold, a quarterly report (or more frequent if desired) must be submitted to the Group Manager (Commissioning, Procurement & Compliance) for reporting to the Performance Board.

The Internal Auditor has obtained satisfactory assurance that the system of internal control in place at the Council for the year ended 31 March 2015 accords with proper practice. Further details of the reviews undertaken by Internal Audit during 2014/15 are available upon request and are summarised within the Internal Auditor's draft Annual Report presented to the Audit Committee on 24 June 2015, and published on the Council's website.

Where this Governance Statement has identified other areas for improvement we propose to take steps to enhance our governance arrangements further. We are satisfied that these steps will address the need for improvements that were identified in our review of effectiveness and will monitor their implementation and operation as part of our next annual review.

We give our assurance that the Council as a whole is committed to continuous improvement and believe that we have established the relevant foundations on which to create further capacity to continue to develop our governance arrangements.

We give our further assurance that the Council's financial management arrangements conform to the governance requirements of the CIPFA *Statement on the role of the Chief Financial Officer in Local Government* (2010).

Signed .....  
(Councillor Andrew Williams – Leader of the Council)

Signed .....  
(Sally Marshall – Chief Executive)

# Notes to the Core Financial Statements

## 1. Accounting Policies

### Summary of Significant Accounting Policies

The principal accounting policies applied in the preparation of the Statement of Accounts (the Accounts) are set out below.

### Basis of Preparation

The Accounts have been prepared in accordance with the Code of Practice on Local Authority Accounting 2014/15 (the Code) issued by the Chartered Institute of Public Finance and Accountancy (CIPFA).

The functional and presentational currency of Dacorum Borough Council (the Council) is pounds sterling.

The accounting convention adopted in the Accounts is principally historic cost, modified by the revaluation of Property, Plant and Equipment and Investment Property.

The preparation of the Accounts in conformity with the Code requires the use of certain critical accounting estimates. It also requires management to exercise judgement in the process of applying the accounting policies.

### Going Concern

The Accounts are prepared on a going concern basis, i.e. on the assumption that the Council will continue to operate for the foreseeable future.

### Accruals of Income and Expenditure

Activity is accounted for within the year that it takes place, not simply when cash payments are made or received. In particular:

- Revenue from the sale of goods is recognised when the Council transfers the significant risks and rewards of ownership to the purchaser, and it is probable that economic benefits or service potential associated with the transaction will flow to the Council.
- Revenue from the provision of services is recognised when the Council can measure reliably the percentage of completion of the transaction and it is probable that economic benefits or service potential associated with the transaction will flow to the Council.
- Supplies are recorded as expenditure when they are consumed – where there is a gap between the date supplies are received and their consumption, they are carried as inventories on the Balance Sheet.
- Expenses in relation to services received (including those provided by employees) are recorded as expenditure when the services are received rather than when payments are made.

The only exception to this is Housing Benefit Payments, which are recorded on a cash basis.

### Exceptional Items

Items are presented as exceptional when that degree of prominence is necessary in order to give a fair presentation of the financial statements. A description of each exceptional item is given within the notes to the Accounts.

# Notes to the Core Financial Statements

## **Prior Period Adjustments, Changes in Accounting Policies and Estimates and Errors**

Prior period adjustments may arise as a result of a change in accounting policies or to correct a material error. Changes in accounting estimates are accounted for prospectively.

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Council's financial position or financial performance. Where a change is made, it is applied retrospectively (unless stated otherwise) by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

## **Government Grants and Other Contributions**

Whether paid on account, by instalments or in arrears, government grants and third party contributions are recognised as due to the Council when there is reasonable assurance that:

- the Council will comply with the conditions attached to the payments; and
- the grants or contributions will be received.

Amounts recognised as due to the Council are not credited to the Comprehensive Income and Expenditure Statement until conditions attached to the grant or contribution have been satisfied. Conditions are Stipulations that specify that the future economic benefits or service potential embodied in the asset in the form of the grant or contribution are required to be consumed by the recipient as specified, or future economic benefits or service potential must be returned to the transferor.

Monies advanced as grants and contributions for which conditions have not been satisfied are carried in the Balance Sheet as Creditors. When conditions are satisfied, the grant or contribution is credited to the relevant service line (attributable revenue grants and contributions) or Taxation and Non-Specific Grant Income (non-ringfenced revenue grants and all capital grants) in the Comprehensive Income and Expenditure Statement.

Where capital grants are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance in the Movement in Reserves Statement. Where the grant has yet to be used to finance capital expenditure, it is posted to the Capital Grants Unapplied Reserve. Where it has been applied, it is posted to the Capital Adjustment Account. Amounts in the Capital Grants Unapplied Reserve are transferred to the Capital Adjustment Account once they have been applied to fund capital expenditure.

## **Overheads and Support Services**

The costs of overheads and support services are charged to those that benefit from the supply or service in accordance with the costing principles of the CIPFA Service Reporting Code of Practice 2014/15 (SeRCOP). The total absorption costing principle is used – the full cost of overheads and support service are shared between users in proportion to the benefits received with the exception of:

- Corporate and Democratic Core – costs relating to the Council's status as a multi-functional democratic organisation; and
- Non Distributable Costs – the costs of discretionary benefits awarded to employees retiring early and any impairment losses chargeable on Assets Held for Sale.

These two costs categories are defined in SeRCOP and accounted for as separate headings on the Comprehensive Income and Expenditure Statement, as part of the Surplus or Deficit on the Provision of Services.

# Notes to the Core Financial Statements

## Charges to Revenue for Non-Current Assets

Services, support services and trading accounts are debited with the following amounts to record the cost of holding fixed assets during the year:

- depreciation attributable to the assets used by the relevant service;
- revaluation and impairment losses on assets used by the service where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off; and
- amortisation of intangible fixed assets attributable to the service.

The Council is not required to raise Council Tax to fund depreciation, revaluation and impairment losses or amortisations. It does not currently require a Minimum Revenue Provision (MRP) for the repayment of debt as its only debt arises from Housing Self Financing for which there is no requirement for a MRP. Depreciation, revaluations, impairment losses and amortisations are therefore reversed by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement.

## Property, Plant and Equipment

Assets that have physical substance and are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes and that are expected to be used for more than one financial year are classified as Property, Plant and Equipment.

Expenditure on Property, Plant and Equipment is capitalised at cost when it will bring benefits to the Council for more than one reporting period, subject to a de-minimis capitalisation threshold of £10,000 per scheme. Items below this limit are charged to the Comprehensive Income and Expenditure Statement. The Council does not capitalise borrowing costs incurred whilst assets are under construction.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits or service potential associated with the item will flow to the Council and the cost can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the Comprehensive Income and Expenditure Statement during the financial period in which they are incurred.

Land and buildings are subsequently measured at fair value. Fair value is primarily based on the amount that would be paid for the asset in its existing use. Fair value is estimated using a depreciated replacement cost approach when the asset is specialised and/or rarely sold.

Council dwellings are subsequently measured at fair value determined using the Existing Use Value for Social Housing (EUV-SH) method. Fair value is primarily based on the amount that would be paid for the asset in its existing use.

Assets included in the Balance Sheet at fair value are revalued with sufficient regularity to ensure that their carrying amount is not materially different from their fair value at the year-end, but as a minimum, every five years.

When an asset's carrying amount increases as a result of a revaluation, the increase is recognised in the Comprehensive Income and Expenditure Statement to the extent that it reverses a revaluation decrease of the same asset previously recognised in the Comprehensive Income and Expenditure Statement. Any remaining increase is credited directly to Revaluation Reserve. Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset, and the net amount is restated to the revalued amount of the asset.

When an asset's carrying amount decreases as a result of a revaluation, the decrease is debited directly to the Revaluation Reserve to the extent of any credit balance existing in respect of that asset. Any remaining decrease is recognised against the relevant service lines in the Comprehensive Income and Expenditure Statement.

# Notes to the Core Financial Statements

The Revaluation Reserve contains revaluation gains recognised since 1 April 2007 only, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account.

Infrastructure, community assets, and assets under construction, are measured at depreciated historical cost.

Non-property assets are measured at depreciated historical cost basis, which is deemed to be a proxy for fair value as the assets have short useful lives and/or low values.

## Revenue Expenditure Funded From Capital Under Statute

Expenditure incurred during the year that may be capitalised under statutory provisions but that does not result in the creation of a non-current asset has been charged as expenditure to the relevant service in the Comprehensive Income and Expenditure Statement in the year. Where the Council has determined to meet the cost of this expenditure from existing capital resources or by borrowing, a transfer in the Movement in Reserves Statement from the General Fund Balance to the Capital Adjustment Account then reverses out the amounts charged so that there is no impact on the level of Council Tax.

## Impairment

Assets are assessed at each year-end as to whether there is any indication that an asset may be impaired. Where indications exist and any possible differences are estimated to be material, the recoverable amount of the asset is estimated and, where this is less than the carrying amount of the asset, an impairment loss is recognised for the shortfall.

Where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains).

Where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line in the Comprehensive Income and Expenditure Statement.

Where an impairment loss is subsequently reversed, the reversal is credited to the relevant service line in the Comprehensive Income and Expenditure Statement, up to the amount of the original loss, adjusted for depreciation that would have been charged if the loss had not been recognised.

## Depreciation

Depreciation is calculated using the straight-line method to allocate an asset's carrying value to its residual value over its remaining estimated useful life. The basis of estimated useful lives are as follows:

Buildings	Remaining useful life is provided by the external valuers
Community Assets	Shorter of remaining life or 30 years
Infrastructure Assets	Shorter of remaining life or 30 years
Council Dwellings	Remaining useful life is provided by the external valuers
Vehicles, Plant and Equipment	Remaining lease period, or remaining life as advised by a suitable officer

Where an asset comprises two or more major components with substantially different useful economic lives, each component is accounted for separately for depreciation purposes and depreciated over its individual useful life. The requirement for componentisation for depreciation purposes is only applicable to enhancement, purchases, or revaluations after 1 April 2010.

No depreciation is charged on land or assets under construction.

# Notes to the Core Financial Statements

The assets' useful lives and residual values are reviewed, and adjusted if appropriate, at the end of each reporting period.

Each year the difference between depreciation based on the revalued carrying amount of the asset charged to the Comprehensive Income and Expenditure Statement, and depreciation based on the asset's historic cost, is transferred from the Revaluation Reserves to the Capital Adjustment Account.

## Heritage Assets

The Council holds various items classified as Heritage Assets. Heritage Assets are recognised and measured (including the treatment of revaluation gains and losses, acquisitions and disposals) in accordance with the Council's accounting policies on Property, Plant and Equipment. However, some of the measurement rules are relaxed in relation to Heritage Assets.

The carrying amounts of Heritage Assets are reviewed where there is evidence of impairment, e.g. where the item has suffered physical deterioration or breakage, or where doubt arises to its authenticity. Impairments are recognised and measured in accordance with the Council's general policies on impairment. Disposals are dealt with in line with the accounting policies relating to the disposal of Property, Plant and Equipment. The groups of Heritage Assets along with the measurement basis are as follows:

### Land

The Council holds three areas of land which form part of the Borough's history. Within these areas of land various sculptures and other cultural assets are on display. These assets are valued at fair value. Fair value is primarily based on the amount that would be paid for the asset in its existing use. As with Property, Plant and Equipment, assets are revalued sufficiently regularly to ensure that their carrying amount is not materially different from their fair value at the year-end, but as a minimum every five years.

### Civic Regalia/Treasures

The Council holds various items of Regalia and Treasures, many of which are on display at The Civic Centre, Hemel Hempstead. These include the Mayoral Chain, Badges, Silver Mace and the Charters. These items are reported in the Balance Sheet at insurance valuation which is based on market values. Valuations are reviewed sufficiently regularly to ensure that their carrying amount is not materially different from their valuation at the year-end, but as a minimum every five years.

### Sculptures/Statues/Artwork

The Council holds numerous sculptures and pieces of artwork located throughout the Borough. Those that are deemed to have historical, artistic or cultural significance are valued, and carried on the Balance Sheet. Where possible, these valuations are based on cost when acquired. For those items where cost information is unavailable, no value is reported in the Balance Sheet as it would involve incurring a disproportionate cost to value the assets in comparison to the benefits of the users of the accounts.

### Other Heritage Assets

In addition to the previous groups, the Council holds a range of miscellaneous assets. The majority of these assets are held and managed by the Dacorum Heritage Trust (DHT), which makes them available for public viewing on request. These assets are held on the Balance Sheet at insurance valuation. Valuations are reviewed sufficiently regularly to ensure that their carrying amount is not materially different from their valuation at the year-end, but as a minimum every five years. The remaining miscellaneous assets not managed by the DHT are not reported on the Balance Sheet as the cost of valuation would be disproportionate to the benefits of the users of the accounts.

Memorials are also included within this group of which there are 31 in the Borough. Given that the value of these could never adequately reflect the emotional value vested in them by the community and would not materially affect the accounts, it would be inappropriate and misleading to present a value based on purely material costs.

# Notes to the Core Financial Statements

## Lease Classification

Leases are classified as either finance leases or operating leases based on the substance of the arrangement. The lease of land and building is split at inception of the lease into a separate lease of land and a lease of buildings which are independently classified. Unless title is expected to pass to the lessee at the end of the lease term, leases of land have been classified as operating leases.

Arrangements that do not have the legal status of a lease but convey a right to use a specific asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific assets.

### Operating Leases (Council as Lessee)

Leases in which substantially all the risks and rewards of ownership are retained by the lessor are classified as operating leases.

Payments made under operating leases (net of any incentives received from the lessor) are charged on a straight-line basis over the term of the lease to the Comprehensive Income and Expenditure Statement as an expense of the services benefitting from use of the leased property, plant or equipment. Contingent rent is recognised in the period in which it arises.

### Finance Leases (Council as Lessee)

Leases of Property, Plant and Equipment where the Council has substantially all the risks and rewards of ownership are classified as finance leases.

Finance leased assets are capitalised at the commencement of the lease at the lower of the fair value of the leased Property, Plant and Equipment and the present value of the minimum lease payments. Up-front payments for a leasehold interest classified as a finance lease are capitalised as part of the asset.

Property, Plant and Equipment recognised under finance leases is accounted for using the policies applied generally to such assets, subject to depreciation being charged over the lease term if this is shorter than the asset's estimated useful life (where ownership of the asset does not transfer to the Council at the end of the lease period).

The corresponding lease obligations, net of finance charges, are included in Creditors. Interest is charged to the Comprehensive Income and Expenditure Statement over the lease period at a constant periodic rate of interest on the remaining balance of the liability for each period. Contingent rent is recognised as an expense in the period in which it arises.

### Operating Leases (Council as Lessor)

Where the Council grants an operating lease over an Investment Property, the leased asset remains within Investment Property on the Balance Sheet. The lease income is recognised over the term of the lease on a straight-line basis in the Income and Expenditure in Relation to Investment Properties line in the Comprehensive Income and Expenditure Statement and result in a gain for the General Fund Balance. Contingent rent is recognised in the period in which it arises.

Up-front payments received on the granting of a leasehold interest classified as an operating lease are recognised as a Creditor in the Balance Sheet and amortised over the lease term.

# Notes to the Core Financial Statements

## Finance Leases (Council as Lessor)

Where the Council grants a finance lease over an Investment Property, the leased asset is derecognised from Investment Property as a disposal and a lease receivable is recognised for any leases with rental payments in excess of peppercorn rent. Peppercorn rents are recognised in the Income and Expenditure in Relation to Investment Properties line in the Comprehensive Income and Expenditure Statement.

## **Investment Property**

Investment Property comprises land and/or buildings held to earn rentals and/or for capital appreciation. The definition is not met if the property is used in any way to facilitate the delivery of services or production of goods or is held for sale.

Investment Property is measured initially at cost and subsequently at fair value, which is based on active market prices adjusted, if necessary, for any difference in the nature, location or condition of the specific asset.

Gains and losses on revaluation are posted to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The same treatment is applied to gains and losses on disposal. Investment Properties are not depreciated but are revalued annually.

Revaluation and disposal gains and losses are not permitted by statutory arrangements to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £10,000) the Capital Receipts Reserve.

## **Disposals and Non-current Assets Held for Sale**

Assets are reclassified as an Asset Held for Sale when the following criteria are met:

- The asset must be available for immediate sale in its present condition
- The sale must be highly probable
- The asset must be actively marketed
- The sale should be expected to qualify for recognition as a completed sale within one year

The asset is revalued immediately before reclassification and then carried at the lower of this amount and fair value less costs to sell. Where there is a subsequent decrease to the fair value less costs to sell, the loss is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Gains in fair value are recognised only up to the amount of any previous losses recognised in the Surplus or Deficit on Provision of Services. Depreciation is not charged on Assets Held for Sale.

If assets no longer meet the criteria to be classified as Assets Held for Sale, they are reclassified back to non-current assets and valued at the lower of their carrying amount before they were classified as Assets Held for Sale, adjusted for depreciation, amortisation or revaluations that would have been recognised had they not been classified as Assets Held for Sale, and their recoverable amount at the date of the decision not to sell.

Assets that are to be abandoned or scrapped are not reclassified as Assets Held for Sale.

When an asset is disposed of or decommissioned, the carrying amount of the asset in the Balance Sheet (whether Property, Plant and Equipment or Assets Held for Sale) is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. Receipts from disposals (if any) are credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal). Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account.

# Notes to the Core Financial Statements

Amounts received for a disposal in excess of £10,000 are categorised as capital receipts. A proportion of receipts relating to housing disposals may be payable to the Government. The balance of receipts is required to be credited to the Capital Receipts Reserve, and can then only be used for new capital investment. Receipts are appropriated to the Capital Receipts Reserve from the General Fund Balance in the Movement in Reserves Statement.

The written-off value of disposals is not a charge against council tax, as the cost of fixed assets is fully provided for under separate arrangements for capital financing. Amounts are appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

## **Intangible Assets**

The Council accounts for its purchased software licences as intangible assets; to the extent it will bring benefits to the Council for more than one reporting period.

The intangible assets held by the Council are measured at amortised historical cost as readily ascertainable market values are not available.

Intangible assets are amortised on a straight-line basis over the shorter of remaining useful life or 5 years to the relevant service line in the Comprehensive Income and Expenditure Statement.

An asset is tested for impairment whenever there is an indication that the asset might be impaired – any losses recognised are posted to the relevant service line in the Comprehensive Income and Expenditure Statement. Any gain or loss arising on the disposal or abandonment of an intangible asset is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement.

Where expenditure on intangible assets qualifies as capital expenditure for statutory purposes, amortisation, impairment losses and disposal gains and losses are not permitted to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £10,000) the Capital Receipts Reserve.

## **Inventory**

Inventory is measured at the lower of cost and net realisable value using first-in first-out method.

## **Cash and Cash Equivalents**

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are investments that mature in no more than three months or less from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

In the Cash Flow Statement, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Council's cash management.

## **Accounts Payable and Accrued Expenditure**

A creditor is recognised in the Balance Sheet when goods and services are received prior to the reporting date and payment occurs after the reporting date.

## **Leave Accrual**

The accrual represents leave earned as of the reporting date that will be utilised in the next reporting period. The leave accrual is measured at the amount of the benefit earned by the employees of the Council. The accrual is charged to Surplus or Deficit on the Provision of Services so that leave benefits are charged to expense in the financial year in which the leave absence occurs. To remove any impact on Council Tax Payers it is then reversed out through the Movement in Reserves Statement to the Accumulated Absences Account.

# Notes to the Core Financial Statements

## Termination Benefits

Termination benefits are amounts payable as a result of a decision by the Council to terminate an employee's employment before the normal retirement date or an employee's decision to accept voluntary redundancy and are charged on an accruals basis to the appropriate service line in the Comprehensive Income and Expenditure Statement when the Council is demonstrably committed to the termination of the employment of an employee or group of employees or making an offer to encourage voluntary redundancy.

Where termination benefits involve the enhancement of pensions, statutory provisions require the General Fund balance to be charged with the amount payable by the Council to the pension fund or pensioner in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, appropriations are required to and from the Pensions Reserve to remove the notional debits and credits for pension enhancement termination benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end.

## Pensions

The Council provides retirement benefits as part of the terms and conditions of employment through the Local Government Pension Scheme, administered by Hertfordshire County Council. The benefits (retirement lump sums and pensions), which are based on pay and service, are earned over the term of employment.

The Local Government Scheme is accounted for as a defined benefits scheme as follows:

- The liabilities of the Hertfordshire County Council pension fund attributable to the Council are included in the Balance Sheet on an actuarial basis using the projected unit method – i.e. an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates, and projections of projected earnings for current employees;
- Liabilities are discounted to their value at current prices, using a discount rate annually reviewed and recommended by the Actuary;
- The assets of Hertfordshire County Council pension fund attributable to the Council are included in the Balance Sheet at their fair value:
  - quoted securities – current bid price;
  - unquoted securities – professional estimate;
  - unitised securities – current bid price; and
  - property – market value.
- The change in the net pensions liability is analysed into the following components:
  - Service cost comprising:
    - current service cost - the increase in liabilities as a result of years of service earned this year – allocated in the Comprehensive Income and Expenditure Statement to the services for which the employees worked;
    - past service cost – the increase in liabilities as a result of a scheme amendment or curtailment whose effect relates to years of service earned in earlier years – debited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement as part of Non Distributed Costs;
    - net interest on the net defined benefit liability (asset), i.e. net interest expense for the authority – the change during the period in the net defined benefit liability (asset) that rises from the passage of time charged to the Financing and Investment Income and Expenditure line of the Comprehensive Income

# Notes to the Core Financial Statements

and Expenditure Statement – this is calculated by applying the discount rate use to measure the defined benefit obligation at the beginning of the period to the net defined benefit liability (asset) at the beginning of the period – taking into account any changes in the net defined benefit liability (asset) during the period as a result of contribution and benefit payments.

- Re-measurements comprising:

- the return on plan assets – excluding amounts included in net interest on the net defined benefit liability (asset) – charged to the Pensions Reserve as Other Comprehensive Income and Expenditure;
- actuarial gains and losses – changes in the net pensions liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their assumptions – charged to the Pensions Reserve as Other Comprehensive Income and Expenditure.

In relation to retirement benefits, statutory provisions require the General Fund balance to be charged with the amount payable by the Council to the pension fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are appropriations to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end. The negative balance that arises on the Pensions Reserve thereby measures the beneficial impact to the General Fund of being required to account for retirement benefits on the basis of cash flows rather than as the benefits are earned by employees.

The Council also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff are accrued in the year of the decision to make the award and accounted for using the policies above.

## Provisions

Provisions are recognised when:

- the Council has a present legal or constructive obligation as a result of past events;
- it is probable that an outflow of resources will be required to settle the obligation; and
- a reliable estimate can be made of the amount of the obligation.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation. Where the effect is material, the estimated cash flows are discounted. The increase in the provision due to the passage of time is recognised as interest expense.

Provisions are charged as an expense to the appropriate service line in the Comprehensive Income and Expenditure Statement in the year that the Council becomes aware of the obligation, and are measured at the best estimate at the balance sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Balance Sheet. Estimated settlements are reviewed at the end of each financial year – where it becomes less than probable that a transfer of economic benefits will now be required (or a lower settlement than anticipated is made), the provision is reversed and credited back to the relevant service.

Provisions are not recognised for future operating losses.

# Notes to the Core Financial Statements

## Contingent Liabilities

A contingent liability arises where an event has taken place that gives the Council a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably.

Contingent liabilities are not recognised in the Balance Sheet but disclosed in a note to the accounts.

## Contingent Assets

A contingent asset arises where an event has taken place that gives the Council a possible asset whose existence will only be confirmed by the occurrence of uncertain future events not wholly within the control of the Council.

Contingent assets are not recognised in the Balance Sheet but disclosed in a note to the accounts where it is probable that there will be an inflow of economic benefits or service potential.

## Reserves

The Council sets aside specific amounts as reserves for future policy purposes or to cover contingencies. Reserves are created by appropriating amounts out of the General Fund or Housing Revenue Account Balances in the Movement in Reserves Statement. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in that year to score against the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement. The reserve is then appropriated back into the General Fund or Housing Revenue Account Balance in the Movement in Reserves Statement so that there is no net charge against council tax or housing rent for the expenditure.

Certain reserves are kept to manage the accounting processes which represent unusable resources for the Council. These are the Revaluation Reserve, Capital Adjustment Account, Short-term Accumulating Compensated Absences Account, Collection Fund Adjustment Account and Pension Reserve, all of which are explained in the relevant policies and notes to the Accounts.

## Financial Instruments

### Recognition

Financial assets and financial liabilities which arise from contracts for the purchase and sale of non-financial items (such as goods or services), which are entered into in accordance with the Council's normal purchase, sale or usage requirement, are recognised when, and to the extent which, performance occurs. All other financial assets and liabilities are recognised when the Council becomes party to the contractual provisions to receive or make cash payments.

### Classification and Measurement

Financial assets, other than cash and cash equivalents, are classified as loans and receivables, initially measured at fair value and subsequently measured at amortised cost.

Financial liabilities are classified as creditors, initially measured at fair value and subsequently measured at amortised cost.

### Loans and Receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments and are not quoted in an active market. Loans and receivables are initially recognised at fair value and then measured at amortised cost using the effective interest rate method. The effective interest rate is a method of calculating the amortised cost of a financial asset and of allocating the interest income to the

# Notes to the Core Financial Statements

Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement over the relevant period using the estimated future cash flows.

At the end of each reporting period, the Council assesses whether there is objective evidence that a financial asset or a group of financial assets is impaired. A financial asset or group of financial assets is impaired and impairment losses are incurred if there is:

- objective evidence of impairment as a result of a loss event that occurred after the initial recognition of the asset and up to the end of the reporting period ('a loss event');
- the loss event had an impact on the estimated future cash flows of the financial asset or the group of financial assets; and
- a reliable estimate of the amount can be made.

Financial assets are recorded in the Balance Sheet net of any impairment. The asset is written down and a charge made to the relevant service (for receivables specific to that service) or the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The impairment loss is measured as the difference between the carrying amount and the present value of the revised future cash flows discounted at the asset's original effective interest rate.

A financial asset is considered for de-recognition when the contractual rights to the cash flows from the financial asset expire, or the Council has either transferred the contractual right to receive the cash flows from the asset, or has assumed an obligation to pay those cash flows to one or more recipients, subject to certain criteria. The Council de-recognises a transferred financial asset if it transfers substantially all the risks and rewards of ownership. Any gains and losses that arise on the de-recognition of an asset are credited or debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

## Financial Liabilities

All financial liabilities are recognised initially at fair value, net of any material transaction costs incurred, and then measured at amortised cost using the effective interest rate method. They are included in Short-term Creditors except for the amounts payable more than twelve months after the end of the reporting period, which are classified as Long-term Creditors.

Interest on financial liabilities carried at amortised cost is calculated using the effective interest rate method and is charged to the Comprehensive Income and Expenditure Statement.

The Councils borrowings, are presented in the Balance Sheet as the outstanding principal repayable (plus any accrued interest); and the interest charged to the Comprehensive Income and Expenditure Statement is the amount payable for the year. Exceptions to this would be where material costs are incurred when the liability is initially recognised.

## **Value Added Tax (VAT)**

VAT is included in the Comprehensive Income and Expenditure Statement, whether of a capital or revenue nature, only to the extent that it is not recoverable. VAT receivable is excluded from income.

## **Events After the Balance Sheet Date**

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified:

- those that provide evidence of conditions that existed at the end of the reporting period – the Statement of Accounts is adjusted to reflect such events; and
- those that are indicative of conditions that arose after the reporting period – the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.

# Notes to the Core Financial Statements

Events taking place after the date of authorisation for issue are not reflected in the Statement of Accounts.

## **2. Accounting Standards that have been issued but have not yet been adopted**

For 2014/15, the following accounting policy changes need to be reported:

- IFRS1 – Meaning of effective IFRSs
- IFRS3 – Scope exceptions for joint ventures
- IFRS13 – Fair Value Measurement
- IAS40 – Clarifying the interrelationship of IFRS 3 Business Combinations and IAS40 Investment Property
- IFRIC21 – Levies

It is not anticipated these changes will have a material impact on the financial statements.

## **3. Critical judgements in applying Accounting Policies**

In applying the accounting policies set out in Note 1, the Council has had to make certain judgements about complex transactions or those involving uncertainty about future events.

The critical judgements made in the Statement of Accounts are as follows:

### Lease Accounting

Judgement is required in the initial classification of leases as either operating leases or finance leases. Where a lease is taken out for land and buildings combined, the buildings element of the lease may be capitalised as a finance lease if it meets the criteria for a finance lease, but the land element will be classed as an operating lease by the Council unless title transfers at the end of the lease. If the contracted lease payments are not split between land and buildings in the lease contract, the split is made based on the market values of the land and buildings at the inception of the lease. The accounting policy for leases is set out in Note 1.

## **4. Assumptions made about the future and other major sources of estimation uncertainty**

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the Balance Sheet date and the amounts reported for the revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates. The key judgements and estimation uncertainty that have a significant risk of causing material adjustment to the carrying amounts of assets and liabilities within the next financial year are as follows:

### Valuation of Property, Plant and Equipment

Council dwellings are shown at fair value, based on professional valuations. The valuations are carried out in accordance with the Royal Institution of Chartered Surveyors Appraisal and Valuation Manual, known as the “Red Book”.

The value of Council dwellings fluctuates with changes in the current market value of residential properties. A 5% increase in property prices would increase the carrying value of the council dwellings by £36.6m in the Balance Sheet and increase the annual depreciation charge by £0.478m in the Comprehensive Income and Expenditure Statement. A 5% decrease in property prices would decrease the carrying value of the council dwellings by £36.6m in the Balance Sheet and decrease the annual depreciation charge by £0.48m in the Comprehensive Income and Expenditure Statement. The accounting policy for Council dwellings is set out in Note 1 and information on Council dwellings is set out in Note 19.

# Notes to the Core Financial Statements

## Provision for Outstanding Business Rates Appeals

On 1 April 2013, Local Authorities assumed the liability for refunding ratepayers who have successfully appealed against the Business Rates rateable value of their properties. This will include amounts that were paid over (to Central Government) in respect of 2012/13 and prior years.

It is unknown how many of the outstanding appeals will be successful, though estimation techniques have been applied to the outstanding appeals using historic success rate data. The carrying amount of the Provision is £11.1m, of which the Councils share of £4.5m is reflected in the Accounts. An increase in the success rate by 5% would change the required provision by £2.5m, affecting the surplus/deficit on the Collection Fund, to be distributed to the preceptors and Central Government.

## Measurement of Pension Liability

The present value of the pension liability depends on a number of factors that are determined on an actuarial basis and the value of the underlying assets. The actual liability of the Council will continue to be subject to volatility, as a result of a number of factors.

The estimated effects of the changes in the key individual assumptions in determining the net pension liability would increase the Council's pension liability as of 31 March 2015 as follows:

	£'m
0.5% decrease in the real discount rate	21.7
1 year increase in member life expectancy	6.6
0.5% increase in the salary increase rate	5.8
0.5% increase in the pension increase rate	16.0
<b>Total</b>	<b>50.1</b>

The above table presents the changes in key assumptions in isolation. The information is only indicative of the estimated impact as the assumptions interact in complex ways. The accounting policy for pensions is set out in Note 1 and further information on the pension liability is set out in Note 14.

## **5. Amounts Reported for Resource Allocation Decisions**

The analysis of income and expenditure by service on the face of the Comprehensive Income and Expenditure Statement is in a format specified by the CIPFA *Service Reporting Code of Practice*. In practice, decisions about resource allocation are taken within the Council on the basis of budget reports analysed across Committees.

The tables that follow provide reconciliations between the figures used for decision-making, and the figures presented on the Comprehensive Income and Expenditure Statement.

## 11. Building Control

The Local Authority Building Control Regulations require the disclosure of information regarding the setting of charges for the administration of the Building Control function. The Council sets charges for work carried out in relation to Building Regulations, with the aim of recovering all costs incurred over a three year cycle. The cumulative surplus for Chargeable services for the three year period ending 31 March 2015 was £75k, compared with a deficit of £229k for the three year period to 31 March 2014. The statement below shows the total cost of operating the Building Control unit divided between the chargeable and non-chargeable activities for 2014/15.

<b>Building Control 2014/15</b>	<b>2014/15 Chargeable £'000</b>	<b>2014/15 Non Chargeable £'000</b>	<b>2014/15 Total £'000</b>	<b>2013/14 Total £'000</b>

Assistant Director – Performance & Projects (October 2014 until March 2015)	34,205	0	0	34,205	5,181	<b>39,386</b>

The annualised salaries for posts employed during part of the year were: (1) Corporate Director – Finance & Operations (April 2014 until October 2014) - £116,619; (2) Corporate Director – Finance & Operations (February 2015 until March 2015) - £111,884; (3) Assistant Director – Finance & Resources (April 2014 until January 2015) - £85,386; (4) Assistant Director – Performance & Projects (April 2014 until August 2014) - £84,419; (5) Assistant Director – Performance & Projects (October 2014 until March 2015) - £81,220.

## Notes to the Core Financial Statements

During 2013/14, the Cabinet instructed that Dacorum Borough Council review its senior staff structure to ensure efficiency in delivery of the Council's priorities. This had the effect of reducing the number of Corporate Director posts from 3 to 2, and the number of Assistant Director posts from 7 to 6.

	Salary (Including Fees & Allowances) £	Expenses Reimbursed £	Benefits in Kind (e.g. Lease Car) £	Total Remuneration Excluding Pension Contributions £	Pension Contributions £	Total Remuneration £
<b>2013/14</b>

The annualised salaries for posts employed during part of the year were: (1) Chief Executive (April 2013 – October 2013) - £135,611; (2) Chief Executive (November 2013 – March 2014) - £130,250; (3) Corporate Director – Finance & Operations - £101,221; (4) Corporate Director – Finance & Governance - £101,312; (5) Corporate Director – Performance, Improvement & Transformation - £95,266; (6) Assistant Director – Strategy & Transformation - £66,804

# Notes to the Core Financial Statements

## 13. External Audit Costs

The Council has incurred the following costs in relation to the audit of the Statement of Accounts and certification of grant claims by the Council's external auditors, Ernst & Young:

	2014/15 £'000	2013/14 £'000
External audit services carried out by the appointed auditor for the year	98	97
External audit services carried out by the auditor for an earlier year	(18)	(13)
Certification of grant claims and returns for the year	23	38
<b>Total</b>	<b>103</b>	<b>122</b>

## 14. Pensions

### Local Government Pension Scheme

As part of the terms and conditions of employment for employees, the Council makes contributions towards the cost of post-employment benefits. Although these benefits will not actually be payable until employees retire, the Council has a commitment to make the payments for those benefits, and to disclose them at the time that employees earn their future entitlement.

The Council participates in the Local Government Pension Scheme, administered by Hertfordshire County Council (HCC). This is a funded benefit career average salary scheme, meaning that the Council and its employees pay contributions into a fund, calculated at a level intended to balance the pensions liabilities with investment assets. The pension scheme is operated under the regulatory framework for the Local Government Pension Scheme and the governance of the scheme is the responsibility of the Pensions Committee of HCC. Policy is determined in accordance with the Local Government Pension Scheme Regulations 2013. The investment managers of the fund are appointed by the Investment sub-committee of HCC and consist of the fifteen Investment Fund Managers.

The principal risks relating to the Council of the scheme are longevity assumptions, statutory changes to the scheme, structural changes to the scheme, changes to inflation, bond yields and the performance of equity investments held by the scheme.

### Transactions Relating to Post-employment Benefits

The following transactions have been made in the Comprehensive Income and Expenditure Statement, General Fund Balance and Housing Revenue Account via the Movement in Reserves Statement during the year:

	2014/15 £'000	2013/14 £'000
<b>Comprehensive Income &amp; Expenditure Statement</b>		
<b>Cost of Services:</b>		
Current Service Cost	3,966	4,037
Past Service Cost/(Gain) – Including Curtailments	0	101
<b>Financing and Investment Income and Expenditure:</b>		
Net Interest Expense	2,662	3,200
<b>Total Post Employment Benefit Charged to the Surplus or Deficit on the Provision of Services</b>	<b>6,628</b>	<b>7,338</b>
<b>Other Comprehensive Income &amp; Expenditure:</b>		
Return on Plan Assets (excluding amounts included in net interest expense)	(12,274)	(5,850)
Actuarial (Gains) & Losses Arising on Changes in Demographic Assumptions	0	(5,930)
Actuarial Gains & Losses Arising on Changes in Financial Assumptions	27,440	82
Other	(1,917)	282
<b>Total Post Employment Benefit Charged to the Comprehensive Income &amp; Expenditure Statement</b>	<b>13,249</b>	<b>(11,416)</b>

## Notes to the Core Financial Statements

<b>Movement in Reserves Statement</b>	<b>2014/15 £'000</b>	<b>2013/14 £'000</b>
Reversal of net charges made to the Surplus or Deficit for the Provision of Services for Post Employment Benefits in accordance with the Code	(6,628)	(7,338)
Employer's Contributions Payable to the Pension Scheme	4,610	5,482
<b>Total</b>	<b>(2,018)</b>	<b>(1,856)</b>

### Transactions Relating to Post-employment Benefits

The amount included in the Balance Sheet arising from the Council's obligation in respect of its defined benefit plan is as follows:

<b>Pension Assets &amp; Liabilities Recognised in the Balance Sheet</b>	<b>2014/15 £'000</b>	<b>2013/14 £'000</b>
Present value of the defined benefit obligation	(219,940)	(188,143)
Fair value of plan assets	142,416	125,885
<b>Sub-total</b>		
Other movements in the liability	0	0
<b>Net liability arising from defined benefit obligation</b>	<b>(77,524)</b>	<b>(62,258)</b>

### Assets and Liabilities in relation to Retirement Benefits

Reconciliation of present value of scheme liabilities and assets are set out below:

<b>Reconciliation of Present Value of Scheme Liabilities</b>	<b>2014/15 £'000</b>	<b>2013/14 £'000</b>
Liabilities as of the Beginning of the Period	(188,143)	(186,580)
Current Service Cost	(3,966)	(4,037)
Interest Cost	(8,047)	(8,363)
Contributions by Scheme Participants	(1,104)	(1,016)
Actuarial (Losses)/Gains	(25,523)	5,566
Losses on Curtailments	0	(101)
Benefits Paid	6,842	6,388
Past Service Costs	0	0
<b>Liabilities as of the End of the Period</b>	<b>(219,940)</b>	<b>(188,143)</b>

<b>Reconciliation of Fair Value of Scheme Assets</b>	<b>2014/15 £'000</b>	<b>2013/14 £'000</b>
Assets as of the Beginning of the Period	125,885	114,762
Expected Rate of Return	5,385	5,163
Actuarial Gains/(Losses)	12,274	5,850
Employer Contributions	4,610	5,482
Contributions by Scheme Participants	1,104	1,016
Benefits Paid	(6,842)	(6,388)
<b>Assets as of the End of the Period</b>	<b>142,416</b>	<b>125,885</b>

## Notes to the Core Financial Statements

The expected return on scheme assets is determined by considering the expected returns available on the assets underlying the current investment policy. Expected yields on fixed interest investments are based on gross redemption yields as at the Balance Sheet date. Expected returns on equity investments reflect long-term real rates of return experienced in the respective markets.

### Fair Value of Employer's Assets

The fair value of the plan assets is shown in the table below:

<b>Fair Value of Employer's Assets</b>	<b>2014/15 £'000</b>	<b>2013/14 £'000</b>
<b>Quoted Prices in Active Markets</b>		
<u>Equity Securities</u>		
Consumer	12,575	12,676

Foreign Exchange	(309)	110
<b>Total of Assets with Prices Quoted not in Active Markets</b>	<b>22,755</b>	<b>12,852</b>
<b>Total Fair Value of Employers Assets</b>	<b>142,416</b>	<b>125,885</b>

### Basis for Estimating Asset and Liabilities

Liabilities have been assessed on an actuarial basis using the Projected Unit Credit Method, an estimate of the pensions that will be payable in future years is dependent on assumptions about mortality rates, salary levels, etc. The liabilities have been assessed by Hymans Robertson LLP, an independent firm of actuaries, estimates for the Fund being based on the latest full revaluation of the scheme as at 31 March 2013.

# Notes to the Core Financial Statements

The principal assumptions used by the actuary in the calculations are:

<b>Principal Assumptions</b>	<b>2014/15 %</b>	<b>2013/14 %</b>
Rate of inflation	3.1	3.6
Rate of increase in salaries	3.8	4.1
Rate of increase In pensions	2.4	2.8
Rate of discounting scheme liabilities	3.2	4.3
Allowance for future retirees to elect to take additional tax-free cash up to HMRC limits pre April 2008 Service	50	50
Allowance for future retirees to elect to take additional tax-free cash up to HMRC limits post April 2008 Service	75	75

<b>Mortality Assumptions</b>	<b>2014/15 Age</b>	<b>2013/14 Age</b>
Longevity at 65 for current pensioners		
Men	22.3	22.3
Women	24.5	24.5
Longevity at 65 for future pensioners		
Men	24.3	24.6
Women	26.7	26.7

## Impact on the Council's Cash Flow

The liabilities show the underlying commitments that the Council has to pay retirement benefits. The total liability of £77.5m has an impact on the net worth of the Council as recorded in the Balance Sheet. However, statutory arrangements for funding the deficit mean that the financial position of the Council remains healthy. The deficit on the LGPS will be funded by improved investment returns or increased contributions over the remaining working lives of employees, as assessed by the scheme's actuary.

Funding levels are monitored on an annual basis, and the next triennial review is due to be completed on 31 March 2016. The total value of contributions expected to be made by the Council in 2015/16 is £4.7m.

The scheme takes account of the national changes arising from the Public Pensions Services Act 2013. Under the Act, the Local Government Pension Scheme may not provide benefits in relation to service after 31 March 2015. The Act provides for scheme regulations to be made within a common framework, to establish a new career average revalued earnings scheme to pay pensions and other benefits.

The weighted duration for all members is 17.2 years. The weighted average duration and liability split of the defined benefit obligation for scheme members as at 31 March 2013 is as follows:

	<b>Liability Split</b>	<b>Weighted Average Duration</b>
Active Members	39.0 %	23.5
Deferred Members	22.3%	22.4
Pensioner Members	38.7%	11.2
<b>Total</b>	<b>100%</b>	

# Notes to the Core Financial Statements

## Pensions Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post-employment benefits and for funding benefits in accordance with statutory provisions. The Council accounts for post-employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned, to be financed as the Council makes employer's contributions to pension funds, or eventually pays any pensions for which it is directly responsible. The debit balance on the Pensions Reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources the Council has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid. A detailed analysis of movements in the Pensions Reserve is provided below:

	2014/15 £'000	2013/14 £'000
<b>Reconciliation of Fair Value of Scheme Assets</b>		
Surplus /(Deficit) as of Beginning of the Period	(62,258)	(71,818)
Actuarial Gains/(Losses) on Pension Assets and Liabilities	(13,249)	11,416
Reversal of Items Relating to Retirement Benefits Debited or Credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement	(6,628)	(7,338)
Employer's Pension Contributions	4,610	5,482
<b>Surplus/(Deficit) as of End of the Period</b>	<b>(77,525)</b>	<b>(62,258)</b>

## Management of Pension Risks

Hertfordshire County Council, having taken appropriate professional advice, has taken steps to mitigate investment risk and to set an investment strategy that is appropriate for the Fund's liabilities. A summary of the key steps taken is provided below:

1. Diversification – the Fund has adopted a strategy that is diversified by asset class, region, sector and investment manager.
2. De-risking plan – the Fund is moving towards a lower risk strategy that will comprise 65% in “growth” assets and 35% in “defensive” assets. The allocation between growth and defensive assets as at the accounting year end date was approximately 79% growth / 25% defensive.
3. Defensive asset portfolio – the Fund has appointed three specialist mandates to manage the defensive assets (absolute return, UK corporate bonds, and liability matching). The liability matching mandate will seek to offer some protection from changes in inflation and interest rates
4. Monitoring – the Fund's investment arrangements are regularly monitored. The Council receives independent reporting from the custodian and from Mercer, and the Fund's Investment Sub-Committee meets the investment managers on an ongoing basis.

# Notes to the Core Financial Statements

## 15. Leases

### Operating Leases - Council as Lessee

The Council leases various land and/or buildings under non-cancellable operating lease agreements. The lease terms range between 3 and 999 years. The operating leases do not have purchase options, although some have rent escalation clauses. The Council paid no contingent rent during the year 2014/15 (2013/14 no contingent rent paid).

The total future minimum lease payments under non-cancellable operating leases for each of the following periods are as follows:

	2014/15 £'000	2013/14 £'000
<b>Operating Lease Commitments</b>		
Not later than one year	1	1
Later than one year but not later than five years	5	5
Later than five years	35	36
<b>Total Commitments under Operating Leases</b>	<b>41</b>	<b>42</b>

### Operating Leases - Council as Lessor

The Council leases various land and/or buildings under non-cancellable operating lease agreements. The lease terms range between 1 and 399 years. The operating leases do not have purchase options, although most have rent escalation clauses. The total future minimum lease payments receivable under non-cancellable operating leases for each of the following periods are as follows:

	2014/15 £'000	2013/14 £'000
<b>Operating Lease Income – Other Land &amp; Buildings</b>		
Not later than one year	128	128
Later than one year but not later than five years	221	281
Later than five years	390	425
<b>Total Minimum Lease Income under Operating Leases</b>	<b>739</b>	<b>834</b>

The minimum lease payments receivable do not include rents that are contingent on events taking place after the lease was entered into, such as adjustments following rent reviews. In 2014/15 £6k contingent rents were receivable by the Council (2013/14 £15k)

The Council leases its Investment Properties to lessees under non-cancellable operating lease agreements. The lease terms are between 1 and 200 years. The leases do not have purchase options, although most have escalation clauses.

The total future minimum lease payments to be received by the Council for investment properties under non-cancellable operating leases for each of the following periods as of 31 March are as follows:

	2014/15 £'000	2013/14 £'000
<b>Operating Lease Income – Investment Property</b>		
Not later than one year	3,051	3,002
Later than one year but not later than five years	9,869	9,459
Later than five years	45,034	44,139
<b>Total Minimum Lease Income under Operating Leases</b>	<b>57,954</b>	<b>56,600</b>

The minimum lease payments do not include rents that are contingent on events taking place after the lease was entered into. The Council received contingent rent during the year of £0.7m (2013/14 £0.6m).

# Notes to the Core Financial Statements

## Finance Leases - Council as Lessee

The Council leases three properties under non-cancellable finance lease agreements. The property lease terms range between 125 and 899 years. The leases do not have purchase options, although the lease payments under one of the leases are tied to the sub-lease rental income.

The assets acquired under these leases are carried as Investment Property in the Balance Sheet at the following net amounts:

	2014/15 £'000	2013/14 £'000
<b>Finance Lease Assets</b>		
Investment Property	188	188
<b>Finance Lease Assets (Council as Lessee)</b>	<b>188</b>	<b>188</b>

The Council is committed to making minimum payments under these leases. These payments comprise settlement of the long-term liability for the interest in the property acquired by the Council, and finance costs that will be payable by the Council in future years while the liability remains outstanding. The minimum lease payments are made up of the following amounts:

	2014/15 £'000	2013/14 £'000
<b>Finance Lease Minimum Payments</b>		
Current	0	0
Non-current	188	188
Finance Costs Payable in Future Years	1,692	1,712
<b>Minimum Lease Payments</b>	<b>1,880</b>	<b>1,900</b>

The total future minimum lease payments to be paid under non-cancellable finance leases for each of the following periods are as follows:

	2014/15 £'000	2013/14 £'000
<b>Commitments Under Finance Leases</b>		
Not later than one year	20	20
Later than one year but not later than five years	80	80
Later than five years	1,780	1,800
<b>Total Commitments Under Finance Leases</b>	<b>1,880</b>	<b>1,900</b>

The minimum lease payments do not include rents that are contingent on events taking place after the lease was entered into. The Council paid contingent rent during the year of £0.025m (2013/14 £0.020m). The Council has sub-let these properties held under finance leases. At 31 March 2015 the minimum payments expected to be received under non-cancellable agreements was £343k (£393k at 31 March 2014).

## 16. Investment Property

	2014/15 £'000	2013/14 £'000
<b>Investment Property – Balance Sheet</b>		
As of the beginning of the period	45,004	43,141
Additions (Purchases/construction)	0	1,144
Additions (Subsequent expenditure)	70	107
Reclassifications from Property Plant & Equipment	2	(670)
Disposals	0	(26)
Net gains/(losses) from fair value movements	1,047	1,308
<b>As at the End of the Period</b>	<b>46,123</b>	<b>45,004</b>

## Notes to the Core Financial Statements

There are no restrictions on the Council's ability to realise the value inherent in its Investment Property or on the Council's right to the remittance of income and the proceeds of disposal. The Council has a contractual obligation to repair and maintain its investment properties. The properties were valued by an independent external valuer using market information to determine the values of the properties as of 31 March 2015 and 2014.

The following items of income and expense in relation to Investment Property have been accounted for in the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement:

	2014/15 £'000	2013/14 £'000
<b>Investment Property – Comprehensive Income &amp; Expenditure Account</b>		
Rental Income From Investment Property	(4,086)	(3,783)
Direct Operating Expenses Arising From Investment Property	1,389	1,680
Changes in Fair Value of Investment Property	(1,047)	(1,308)
<b>Net Gain</b>	<b>(3,744)</b>	<b>(3,411)</b>

### 17. Usable Reserves

This note details the adjustments that are made to the Comprehensive Income and Expenditure recognised by the Council in the year in accordance with proper accounting practice. These adjustments are made through the usable and unusable reserves as set out by statutory provisions. Descriptions of each of the reserves are set out below:

#### General Fund Balance

The General Fund is the statutory fund into which all the receipts of the Council are required to be paid and from which all liabilities of the authority are to be met, except to the extent that statutory rules might provide otherwise. These rules can also specify the financial year in which liabilities and payments should impact on the General Fund Balance, which is not necessarily in accordance with proper accounting practice. The General Fund Balance therefore summarises the resources that the Council is statutorily empowered to spend on its services or on capital investment at the end of the financial year. The balance is not available to be applied to funding HRA services.

#### Housing Revenue Account Balance

The Housing Revenue Account Balance reflects the statutory obligation to maintain a revenue account for local authority housing provision in accordance with part VI of the Local Government and Housing Act 1989. It contains the balance of income and expenditure as defined by the 1989 Act that is available to fund future expenditure in connection with the Council's landlord function.

#### Major Repairs Reserve

The Council is required to maintain the Major Repairs Reserve, which controls an element of the capital resources limited to being used on capital expenditure on HRA assets or the financing of historical capital expenditure by the HRA. The balance shows the capital resources that have yet to be applied at year end.

#### Useable Capital Receipts Reserve

The Useable Capital Receipts Reserve holds the proceeds from the disposal of land or other assets, which are restricted by statute from being used other than to fund new capital expenditure or to be set aside to finance historic capital expenditure. The balance on the reserve shows the resources that have yet to be applied for these purposes at year end.

# Notes to the Core Financial Statements

## Capital Grants Unapplied Reserve

The Capital Grants Unapplied Reserve holds the grants and contributions received towards capital projects for which the Council has met the appropriate conditions but which has yet to be spent. The balance is restricted by grant terms as to the capital expenditure against which it can be applied and/or the financial year in which this can take place.

	General Fund Balance	Major Repairs Reserve	Housing Revenue Account	Capital Grants Unapplied	Capital Receipts Reserve	Total Impact - Usable Reserves
2014/15	£'000	£'000	£'000	£'000	£'000	£'000

## 18. Earmarked Reserves

The Council voluntarily earmarks resources for future spending plans. This note sets out the amounts set aside from the General Fund and HRA balances in earmarked reserves to provide financing for future expenditure plans and the amounts posted back from earmarked reserves to meet General Fund and HRA expenditure. The following sums have been earmarked as of the reporting date:

	Balance at 31 March 2014	Transfers Out	Transfers In	Transfers to Other Reserves	Balance at 31 March 2015
	£'000	£'000	£'000	£'000	£'000

# Notes to the Core Financial Statements

## 20. Property, Plant and Equipment Valuations

The Council carries out a rolling programme that ensures that all Property, Plant and Equipment required to be measured at fair value is revalued at least every five years. Valuations of land and buildings were carried out in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors. The independent external valuer uses market information to determine the values of the properties. The basis for valuation is set out in Note 1.

The following statement shows the progress of the Council's rolling programme for the revaluation of Property, Plant and Equipment.

	Council Dwellings £'000	Other Land & Buildings £'000	Vehicles, Plant & Equipment £'000	Infrastructure Assets £'000	Community Assets £'000	Assets Under Construction £'000	Total Property, Plant and Equipment £'000
Carried at Historic Cost:	0	0	15,541	1,310	0	20,998	37,848
Valued at fair value as at:							
2014/15	732,759	59,216	0	0	0	0	791,975
2013/14	0	22,727	0	0	0	0	22,727
2012/13	0	1,596	0	0	0	0	1,596
2011/12	0	225	0	0	0	0	255
2010/11	0	1,731	0	0	0	0	1,731
<b>Total Cost or Valuation</b>	<b>732,759</b>	<b>85,495</b>	<b>15,541</b>	<b>1,310</b>	<b>0</b>	<b>20,998</b>	<b>856,103</b>

## 21. Intangible Assets

Intangible assets consist of purchased software licenses which are measured at historical amortised cost.

Intangible Assets	2014/15 £'000	2013/14 £'000
As of the beginning of the Period		
Gross Carrying Amounts	2,733	2,462
Accumulated Amortisation	(1,937)	(1,571)
<b>Net Carrying Amount as of the Beginning of the Period</b>	<b>796</b>	<b>891</b>
Purchases	204	199
Reclassifications	335	72
Amortisation for the Period	(326)	(366)
<b>Net Carrying Amount as of the End of the Period</b>	<b>1,009</b>	<b>796</b>
Comprising:		
Gross Carry Amounts	3,273	2,733
Accumulated Amortisation	(2,264)	(1,937)
<b>Net Carrying Amount as of the End of the Period</b>	<b>1,009</b>	<b>796</b>

# Notes to the Core Financial Statements

## 22. Assets Held For Sale

The Council sold surplus properties during 2014/15. The Council realised a net profit on disposal of £5.3m (2013/14 £5.0m) which is included in Profit on the Disposal of Non-current Assets in the Comprehensive Income and Expenditure Statement.

<b>Assets Held For Sale</b>	<b>2014/15 £'000</b>	<b>2013/14 £'000</b>
As of the Beginning of the Period	0	0
Assets Transferred	6,580	5,910
Sold to Other Entities and Individuals	(6,580)	(5,910)
<b>As at the end of the Period</b>	<b>0</b>	<b>0</b>

## 23. Long-term Debtors

The Council makes loans to a number of organisations. An analysis of these is shown below.

<b>Long-term Debtors</b>	<b>2014/15 £'000</b>	<b>2013/14 £'000</b>
Central Government Bodies	0	0
Other Local Authorities	0	0
NHS Bodies	0	0
Public Corporations and Trading Funds	0	0
Other Entities and Individuals	1,085	1,135
<b>Total Long-term Debtors</b>	<b>1,085</b>	<b>1,135</b>

## 24. Short-term Debtors

The following table shows the analysis of short term debtors, offset by the bad debt provisions held.

<b>Short-term Debtors</b>	<b>2014/15 £'000</b>	<b>2013/14 £'000</b>
Central Government Bodies	2,924	3,065
Other Local Authorities	3,270	2,795
NHS Bodies	0	0
Public Corporations and Trading Funds	0	0
Other Entities and Individuals	7,295	6,168
<b>Total Short-term Debtors</b>	<b>13,489</b>	<b>12,028</b>

The following Bad Debt Impairment Allowances have been included in the above table.

<b>Bad Debt Impairment Allowances</b>	<b>2014/15 £'000</b>	<b>2013/14 £'000</b>
Sundry Debtors	426	401
Housing Rents	1,891	1,717
Council Tax/Summons Fees	378	381
Business Rates/Summons Fees	387	260
Benefits Overpayments	2,113	1,786
<b>Total Bad Debt Provisions</b>	<b>5,195</b>	<b>4,545</b>

## Notes to the Core Financial Statements

25. Cash and Cash Equivalents	2014/15 £'000	2013/14 £'000
Investments with Original Maturities of 3 Months or Less	25,253	32,804
Cash held by the Council	1	2
Bank Account Balance/(Overdraft)	(1,788)	(1,215)
<b>Total Cash and Cash Equivalents</b>	<b>23,466</b>	<b>31,591</b>

26. Short-term Creditors	2014/15 £'000	2013/14 £'000
Central Government Bodies	4,296	899
Other Local Authorities	1,498	1,307
NHS Bodies	0	1
Public Corporations and Trading Funds	0	0
Other Entities and Individuals	13,930	11,011
<b>Total Short-term Creditors</b>	<b>19,724</b>	<b>13,218</b>

27. Long-term Creditors	2014/15 £'000	2013/14 £'000
Central Government Bodies	0	0
Other Local Authorities	0	0
NHS Bodies	0	0
Public Corporations and Trading Funds	0	0
Other Entities and Individuals	7,158	7,136
<b>Total Long-term Creditors</b>	<b>7,158</b>	<b>7,136</b>

### 28. Capital Grants and Other Contributions

The Council has received a number of grants and other contributions that have yet to be recognised as income as they have conditions attached to them which have not been satisfied as of the Balance Sheet date. The in year movements on the account are as follows:

Capital Grants and Other Contributions	2014/15 £'000	2013/14 £'000
As of the Beginning of the Period	3,059	3,758
Receipts	542	0
Conditions Satisfied	(636)	(699)
Amounts Repaid	(127)	0
<b>Closing Balance</b>	<b>2,838</b>	<b>3,059</b>

The balances of the grants are as follows:

Capital Grants Yet to be Recognised as Income	2014/15 £'000	2013/14 £'000
Growth Area Fund	2,568	3,059
Local Sustainable Transport Fund	271	0
<b>Total</b>	<b>2,838</b>	<b>3,059</b>

# Notes to the Core Financial Statements

## 29. Revenue Grants and Other Contributions

The Council has received a number of grants and other contributions that have yet to be recognised as income as they have conditions attached to them which have not been satisfied as of the Balance Sheet date. The in year movements on the account are as follows:

Revenue Grants and Other Contributions	2014/15 £'000	2013/14 £'000
As of the Beginning of the Period	0	0
Receipts	344	0
Conditions Satisfied	(75)	0
<b>Closing Balance</b>	<b>269</b>	<b>0</b>

The balances of the grants are as follows:

Revenue Grants Yet to be Recognised as Income	2014/15 £'000	2013/14 £'000
Statutory Notices for the 21 <sup>st</sup> Century	118	0
Public Health District Officer	69	0
Other	82	0
<b>Total</b>	<b>2,837</b>	<b>0</b>

## 30. Provisions

The Council maintains the following provisions as of 31 March 2015:

	Balance as at 31 March 2014 £'000	Contribution to Provision £'000	Use of Provision £'000	Amounts Reversed Unused £'000	Balance as at 31 March 2015 £'000
<b>Short-term General Fund Provisions</b>					
Insurance	509	167	(110)	(106)	460
Litigation Provision	275	0	0	(106)	169
Pension Strain	7	0	0	0	7
Business Rates Appeals	1,643	4,358	(264)	(1,281)	4,456
Committed Redundancy	0	41	0	0	41
<b>Total Short-term General Fund Provisions</b>	<b>2,434</b>	<b>4,566</b>	<b>(374)</b>	<b>(1,493)</b>	<b>5,133</b>
<b>Short-term HRA Provisions</b>					
Insurance	291	240	(144)	(48)	339
<b>Total Short-term HRA Provisions</b>	<b>291</b>	<b>240</b>	<b>(144)</b>	<b>(48)</b>	<b>339</b>
<b>Total Short-term Provisions</b>	<b>2,725</b>	<b>4,806</b>	<b>(518)</b>	<b>(1,541)</b>	<b>5,472</b>
<b>Long-term General Fund Provisions</b>					
Business Rates Appeals	410	0	0	(410)	0
<b>Total Long-term General Fund Provisions</b>	<b>410</b>	<b>0</b>	<b>0</b>	<b>(410)</b>	<b>0</b>
<b>Total Long-term Provisions</b>	<b>410</b>	<b>0</b>	<b>0</b>	<b>(410)</b>	<b>0</b>

# Notes to the Core Financial Statements

The Insurance Provisions (General Fund and HRA) represent the Council's view as to liabilities that have been incurred, but have yet to be settled, for insurance excess payments relating to claims made against the Council.

The Litigation Provision represents outstanding litigation claims against the Council as at the end of the financial year.

On 1 April 2013, Local Authorities assumed the liability for refunding ratepayers who have successfully appealed against the Business Rates rateable value of their properties. This includes amounts that were paid over (to Central Government) in respect of 2012/13 and prior years. The Business Rates provisions (short and long-term) represent the Council's share of the estimated liability of successful appeals.

The Pension Strain provision relates to the additional payments required to be made into the pension fund in relation to early retirements granted or committed by the Balance Sheet date. The sums involved have been confirmed by the administrators of the pension scheme in which the Council participates and are payable within the next financial year.

The Committed Redundancy provisions work on a similar basis, making provision for redundancy costs committed, but not yet paid, by the balance sheet date. The sums involved are payable within the next financial year.

## 31. Revaluation Reserve

The Revaluation Reserve contains the gains made by the Council arising from increases in the value of its Property, Plant and Equipment. The Reserve contains only revaluation gains accumulated since 1 April 2007, the date that the Reserve was created. Accumulated gains arising before that date are consolidated into the balance of the Capital Adjustment Account.

<b>Revaluation Reserve</b>	<b>2014/15 £'000</b>	<b>2013/14 £'000</b>
Balance as of the beginning of the period	54,413	33,067
Upward revaluation of assets	61,268	25,521
Downward revaluation of assets and impairment losses not charged to the Surplus/Deficit on the Provision of Services	(1,640)	(3,109)
Surplus/(Deficit) on Revaluation of Non-Current Assets not posted to the Surplus/Deficit on the Provision of Services	59,628	22,412
Difference between fair value depreciation and historical cost depreciation	(1,230)	(1,045)
Amount written-off to Comprehensive Income and Expenditure Statement	(155)	(21)
<b>Closing Balance</b>	<b>112,656</b>	<b>54,413</b>

## 32. Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The Account is debited with the cost of acquisition, construction or enhancement as depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis). The Account is credited with the amounts set aside by the Council as finance for the costs of acquisition, construction and enhancement. The Account contains accumulated gains and losses on Investment Properties. The Account also contains revaluation gains accumulated on Property, Plant and Equipment before 1 April 2007, the date that the Revaluation Reserve was created to hold such gains.

## Notes to the Core Financial Statements

<b>Capital Adjustment Account</b>	<b>2014/15 £'000</b>	<b>2013/14 £'000</b>
As of the beginning of the period	395,998	376,957
Capital grants and contributions applied	3,469	6,058
Amortisation of intangible assets	(307)	(346)
Charges for depreciation and impairment of Non-current Assets	(2,529)	(2,359)
Revaluation losses on Property Plant & Equipment (HRA impairment reversal)	12,275	11,033
Difference between fair value depreciation and historical cost depreciation	1,230	1,045
HRA depreciation	(9,715)	(9,370)
Amounts of non-current assets written off on sale as part of the gain on disposal to the Comprehensive Income and Expenditure Statement	(6,820)	(5,943)
Transfer from the Revaluation Reserve on Disposal of Assets	155	21
Revenue Expenditure Funded From Capital Under Statute	(4,063)	(7,113)
Movements in market value of Investment Properties	1,047	1,308
Capital Receipts applied to capital expenditure	20,765	5,003
Revenue contribution to capital	14,468	14,551
Use of MRR to finance capital expenditure	3,265	5,102
Lease prepayment amortization	51	51
<b>Closing Balance</b>	<b>429,289</b>	<b>395,998</b>

### 33. Deferred Capital Receipts

The Deferred Capital Receipts Reserve holds the gains recognised on the disposal of non-current assets but for which cash settlement has yet to take place. Under statutory arrangements, the authority does not treat these gains as useable for financing new capital expenditure until they are backed by cash receipts. When the deferred cash settlement eventually takes place, amounts are transferred to the Capital Receipts Reserve.

<b>Deferred Capital Receipts</b>	<b>2014/15 £'000</b>	<b>2013/14 £'000</b>
As of the Beginning of the Period	30	49
Transfer to the Capital Receipts Reserve	(20)	(19)
<b>Balance as at End of the Period</b>	<b>10</b>	<b>30</b>

### 34. Collection Fund Adjustment Account

The Collection Fund Adjustment Account manages the differences arising from the recognition of Council Tax and Business Rates income in the Comprehensive Income and Expenditure Statement as it falls due from Council Tax and Business Rates payers, compared with the statutory arrangements for paying across amounts to the General Fund from the Collection Fund.

## Notes to the Core Financial Statements

<b>Collection Fund Adjustment Account</b>	<b>2014/15 £'000</b>	<b>2013/14 £'000</b>
As of the beginning of the period	(2,135)	21
Amount by which Business Rates income credited to the Comprehensive Income and Expenditure Statement is different from Business Rates income calculated for the year in accordance with statutory requirements	1,263	(2,221)
Amount by which Council Tax income credited to the Comprehensive Income and Expenditure Statement is different from Council Tax income calculated for the year in accordance with statutory requirements	(28)	65
<b>Balance as at End of the Period</b>	<b>(900)</b>	<b>(2,135)</b>

### 35. Accumulated Absences Account

The Accumulated Absences Account represents payments to be made to employees by the Council in the future years for leave earned prior to the reporting date. It absorbs the differences that would otherwise arise on the General Fund Balance from accruing for compensated absences earned but not taken in the year (e.g. annual leave entitlement carried forward at 31 March). Statutory arrangements require that the impact on the General Fund Balance is neutralised by transfers to or from the Account.

<b>Accumulated Absences Account</b>	<b>2014/15 £'000</b>	<b>2013/14 £'000</b>
As of the Beginning of the Period	253	284
Net Change During the Year	(50)	(31)
<b>Balance as at End of the Period</b>	<b>203</b>	<b>253</b>

### 36. Capital Expenditure and Financing

The total amount of capital expenditure incurred in the year is shown in the following table (including the value of assets acquired under finance leases), together with the resources that have been used to finance it. Where capital expenditure is to be financed in future years by charges to revenue as assets are used by the Council, the expenditure results in an increase in the Capital Financing Requirement (CFR), a measure of the capital expenditure incurred historically by the Council that has yet to be financed.

<b>Capital Financing Requirement</b>	<b>2014/15 £'000</b>	<b>2013/14 £'000</b>
Opening Capital Financing Requirement	346,899	336,276
<b>Capital Investment:</b>		
Property, Plant and Equipment	37,459	31,774
Capital Loans	0	1,000
Investment Property	70	1,251
Intangible Assets	204	199
Revenue Expenditure Funded from Capital under Statute	4,063	7,113
<b>Total Expenditure</b>	<b>41,796</b>	<b>41,337</b>
<b>Sources of Finance:</b>		
Capital Receipts	(20,765)	(5,003)
Government Grants and Other Contributions	(3,469)	(6,058)
Sums Set Aside ( MRR, Deferred Capital Receipts etc)	(3,397)	(5,102)
Direct Revenue Contributions	(14,336)	(14,551)
<b>Total Financing</b>	<b>(41,967)</b>	<b>(30,714)</b>
<b>Closing Capital Financing Requirement</b>	<b>346,728</b>	<b>346,899</b>

## Notes to the Core Financial Statements

<b>Capital Financing Requirement</b>	<b>2014/15 £'000</b>	<b>2013/14 £'000</b>
Increase/(Decrease) in underlying need to borrow (Supported by government financial assistance)	0	0
Increase/(Decrease) in underlying need to borrow (Unsupported by government financial assistance)	171	10,623
Assets Acquired Under Finance Lease	0	0
<b>Increase in Capital Financing Requirement</b>	<b>171</b>	<b>10,623</b>

### 37. Financial Instruments

The Council is obliged to analyse any Financial Instruments that it holds (whether liabilities such as borrowings or assets such as investments) into certain categories.

The Investments and Debtors disclosed in the Balance Sheet, as set out below (adjusted to exclude statutory debtors), are all categorised as Loans and Receivables, and are carried in the Balance Sheet at amortised cost.

<b>Financial Assets – Amortised Cost</b>	<b>2014/15 £'000</b>	<b>2013/14 £'000</b>
Short-term Debtors	8,033	6,497
Long-term Debtors	1,085	135
Short-term Investments	34,032	22,610
Long-term Investments	0	0
<b>Total</b>	<b>43,150</b>	<b>29,242</b>

The investments, cash at bank and accrued interest are not yet due for repayment. No breaches of the Council's counterparty criteria occurred during the reporting period, and the Council does not expect to suffer any financial losses from default on its financial instruments. The Council's maximum potential exposure to credit risk is the carrying value of the financial assets in the Balance Sheet.

Amounts owed by customers represent sums which have been reviewed for impairment and are presented net of any impairment in the Balance Sheet.

The Short-term Creditors are carried at contract value, Long-term Creditors and Long-term Borrowings are carried at amortised cost in the Balance Sheet, as set out in the following table.

<b>Financial Liabilities – Amortised Cost</b>	<b>2014/15 £'000</b>	<b>2013/14 £'000</b>
Short-term Creditors	19,203	12,694
Long-term Creditors	188	188
Short-term Borrowings	128	127
Long-term Borrowings	346,739	346,739
<b>Total</b>	<b>366,258</b>	<b>359,748</b>

The fair value can be assessed by calculating the present value of the cash flows that will take place over the remaining term of the investments, using the following assumptions:

- Ranges of premature repayment discount rates as at 31 March 2015 between 0.45% and 2.20% for loans from the Public Works Loan Board (PWLb).
- Where an instrument will mature in the next 12 months, the carrying amount is assumed to approximate fair value.
- Trade and other receivables are taken to be the invoiced or billed amount.

## Notes to the Core Financial Statements

The fair values are as follows:

<b>Financial Liabilities – Fair Value</b>	<b>2014/15 £'000</b>	<b>2013/14 £'000</b>
Short-term Creditors	19,203	12,694
Long-term Creditors	188	188
Short-term Borrowings	128	127
Long-term Borrowings	423,847	351,381
<b>Total</b>	<b>443,366</b>	<b>364,390</b>

### Refinancing and Maturity Risk

The Council maintains a significant investment portfolio. The prudential indicator limiting the amount of funds placed in investments for terms exceeding one year is a key factor limiting this risk, as is the medium term financial policy on reducing the Council's reliance on interest earnings to fund its core activities.

Trade creditors and debtors are due to be settled within one year. The long-term debtors principally comprise amounts owed by banks under the LAMS scheme, by parish councils (under the Council's small loan scheme) and amounts due under council mortgages. These are considered to be low risk payments as local parish councils are traditionally accorded low risk of default on payments, while the mortgages are secured by first charges on the proceeds of the sale of the property concerned.

All current borrowing by the Council is fixed-term from the PWLB in relation to Self Financing at a preferential fixed rate. The repayment of these loans is factored into the Housing Revenue Account 30-year plan and as such there is minimal risk that the Council will need to refinance these loans at a time of unfavourable interest rates.

The following table sets out the maturity analysis of Long-term Borrowing by the Council:

<b>Repayment Year</b>	<b>Repayment Type</b>	<b>Interest Frequency</b>	<b>Value £'000</b>
2017 / 2018	On Maturity	Half Yearly	567
2018 / 2019	On Maturity	Half Yearly	2,069
2019 / 2020	On Maturity	Half Yearly	3,586
2020 / 2021	On Maturity	Half Yearly	4,590
2021 / 2022	On Maturity	Half Yearly	3,480
2022 / 2023	On Maturity	Half Yearly	1,370
2023 / 2024	On Maturity	Half Yearly	2,310
2024 / 2025	On Maturity	Half Yearly	3,335
2025 / 2026	On Maturity	Half Yearly	4,442

# Notes to the Core Financial Statements

## **Liquidity Risk**

The Council has access to the money markets for short-term debt to cover revenue expenditure and to the money markets and PWLB for longer-term borrowing. The Council's short and medium term cash forecasting procedures are aimed at ensuring that sufficient funds mature at the right time to cover expenditure. There is no significant risk that the Council would be unable to raise finance to meet its commitments under financial instruments.

## **Interest Rate/Credit Risk**

The Council is exposed to interest rate movements on its investments, and has a number of strategies for managing interest rate risk. The annual Treasury Management Strategy draws together the Council's prudential indicators and its expected treasury operations, including an expectation of interest rate movements. As part of this strategy, the Council sets the prudential indicators which provide maximum and minimum limits for fixed and variable interest rate exposure.

The in-house Treasury Team monitors market and forecast interest rate movements, and selects the most advantageous investments allowed within the limits of the Council's treasury policies.

The Council's maximum exposure to credit risk in relation to its investments in banks and building societies cannot be easily assessed, generally, as the risk of any institution failing to make interest payments or repay the principal sum will be specific to each individual institution. Recent experience has shown that it is rare for such entities to be unable to meet their commitments. A risk of irrecoverability applies to all the Council's deposits, but there was no evidence at the 31 March 2014 that this risk was likely to crystallise.

## **Price Risk**

The Council does not invest in equity holdings or in financial instruments whose capital value is subject to market fluctuations. It therefore has no exposure to losses arising through price valuations.

## **Foreign Exchange Risk**

The Council has no financial assets or liabilities denominated in foreign currencies. It therefore has no exposure to loss arising from movements in exchange rates.

## **Gains and Losses on Financial Instruments**

Gains and losses on financial instruments are limited to interest received and paid on Loans and Receivables (investments) and Borrowings. The gain arising from interest income, as recorded in the Comprehensive Income and Expenditure Statement, was £0.46m (£0.56m 2013/14). The expense arising from interest payments, as recorded in the Comprehensive Income and Expenditure Statement, was £11.7m (£11.7m 2013/14).

## **38. Heritage Assets**

Heritage Assets held by the Council and its policy for recognition and measurement are outlined in the accounting policies of Note 1. The following table provides details of the valuations of the different groups of assets. There have been no disposals, revaluations or impairments of Heritage Assets.

## Notes to the Core Financial Statements

<b>Total</b>	<b>1,649</b>	<b>1,649</b>	<b>1,649</b>	<b>1,649</b>

### Further Information on Land Heritage Assets

The Council holds three areas of land which form part of the Borough's history. These are Gadebridge Park, Tring Park and The Water Gardens. These areas of land are constantly accessible by the public. Within these areas of land various sculptures and other cultural and historical assets are on display. These include the Walled Garden and a re-interred Roman archaeological site. These sites have been valued by a qualified external valuer using the Existing Use Valuation method as at 31 March 2012.

Tring Park is managed by the Woodland Trust. It is believed to date back to 1066. Wealthy banker Lionel de Rothschild bought the estate at auction in 1872 and his son Nathaniel – the first Lord Rothschild – made sweeping changes to the mansion, and surrounding farms and cottages. Lord Rothschild opened a zoological museum on the site as a gift to his son Walter, who was responsible for introducing numerous exotic animals to the park.

Gadebridge is managed and preserved by the Council. It is sited on the northern edges of Hemel Hempstead and is Dacorum's principal park, forming a green wedge of urban countryside running into the heart of the town. The history of the area dates back to the late Iron Age. Excavations in 1963 and 2000 on the field north of Galley Hill revealed a farmhouse which was extended after the Roman invasion of AD43 to include stone built wings around a courtyard, a bathhouse, heated rooms and, unusually, a large swimming pool. The Walled Garden is the location of the original Bury House. The first Bury was referred to in the 1289 Ashridge Charter where "Burymilne", the Mill near the Bury, was included. Prior to 1539 the Bury was the home of the Waterhouse family, whose name today is remembered by Waterhouse Street. The Walled Garden is sometimes also known as the Charter Gardens, after the stone porch-way leading to the gardens. The Charter Tower was originally the entrance into the second Bury House, which was rebuilt between 1540 and 1595.

The Water Gardens were designed by Geoffrey Jellicoe as an integral part of his master plan for Hemel Hempstead New Town and were placed on English Heritage's Register of Parks and Gardens of Special Historic Interest in 2010 as one of the very important post war urban landscapes. The Council manages and preserves the site. There are Council plans to restore the Water Gardens to reflect and reinforce their historical significance.

### Further Information on Assets managed by The Dacorum Heritage Trust

The Dacorum Heritage Trust is the accredited museum organisation for the borough of Dacorum, based at the Museum Store in Clarence Road, Berkhamsted. The Museum Store is the home of over 100,000 objects relating to Dacorum. Of these objects, 2,859 belong to the Council. All items are accessible to the public by appointment. In addition, some of these objects are displayed in the Reception at the Civic Centre Hemel Hempstead. These items have been valued based on the insured value as assessed by The Dacorum Heritage Trust.

# Notes to the Core Financial Statements

## **Further Information on Civic Regalia and Treasuries**

Dacorum holds, manages and preserves various items of Civic Regalia with historical relevance to the Borough. Most of these items are displayed in units outside the Council Chamber at the Civic Centre Hemel Hempstead, and are accessible for viewing by the public during office hours. These include objects such as a silver mace, silver candlesticks, silver cups, the Mayors badges and Chains of Office and various other smaller items. These were valued In May 2012 by external valuers that specialise in antiques and fine arts.

## **Further Information on Sculptures and Artwork Held at Cost**

There are various sculptures and pieces of art work which hold historical and cultural value to the Borough. For five of these historical cost information is available, and so the assets are held on the Balance Sheet at cost. These are all preserved and managed by the Council, and are constantly accessible to the public.

The Residents' Rainbow is located in the centre of the Royal British Legion's Memorial Garden in Hemel Hempstead Town Centre. The 9ft x 18ft sculpture was originally created by artist Colin Lambert, and was installed in 1993. The piece symbolised the optimism and aspirations of the first people to settle in the New Town after the Second World War.

The Water Feature, by Michael Rizzello OBE, celebrates youth and sport with a bronze sculpture of three children playing in the water. The location of the water feature at the junction of Marlowes and Bank Court was chosen to provide views from both ends of Marlowes as well as from the water gardens.

The steel tree stands 6 metres (20 feet) high and is located near the Roundhouse in Hemel Hempstead Town Centre. The tree, named 'New Town Growth', was designed by Peter Parkinson and created by Richard Quinnell OBE. Each panel of the tree represents a different aspect of Hemel Hempstead's past and present.

The bronze relief map depicting Hemel Hempstead as it was in 1947 is another art feature representing the past. The designer was Graham Thompson and the sculptor was John Ravera. This is located in Hemel Hempstead Town Centre.

The Phoenix Sculpture was designed to reflect the recovery of Hemel Hempstead, and the Maylands business estate in particular, from the Buncefield oil depot explosion in 2005. It was designed by Jose Zavala. It is situated on the roundabout at the entrance to Hemel from the M1 Motorway at Junction 8, which is visible in the distance.

## **Further Information on Sculptures and Artwork not Held on Balance Sheet**

The Council holds a further seventeen pieces of artwork and sculptures for which no historic cost information is available. These are managed and preserved by the Council. These include sculptures and artwork in Highfield, Adeyfield and the Town Centre. There are also seven posters depicting types of music hall acts framed and displayed at the Old Town Hall, Hemel Hempstead. The majority of these are constantly available to the public, the exceptions being the few held at the Old Town Hall which are on display during opening hours. As no historic cost is available, and these assets cannot be valued at a cost which is commensurate to the users of the accounts, these are not held on the Balance Sheet.

## **Further Information on Other Heritage Assets not Held on Balance Sheet**

The Council manages and preserves 29 war memorials throughout the Borough and two stone carved memorials in Little Gaddesden. It also holds seven miscellaneous assets including Cranstone's Water Fountain in Boxmoor, Cranstone's Pump in the High Street and a Milestone in Little Gaddesden. These are managed and preserved by the Council. As no historic cost is available, and these assets cannot be valued at a cost which is commensurate to the users of the accounts, these are not held on the Balance Sheet.

# Notes to the Core Financial Statements

## 39. Contingencies

### Contingent Liabilities

Dacorum Sports Trust has identified an increase in its pension fund deficit for employees' service prior to transfer on 1 April 2004. This deficit of £0.37m, whilst a notional one based on actuarial assumptions, will be borne by the Council if the Sports Trust were to cease trading.

The Council is involved in a number of court cases the outcome of which may require the payment of compensation and/or costs. Total liabilities in this area are not material to the Council.

A group of Property Search Companies have intimated that they may bring a claim against all English and Welsh local authorities for alleged anti-competitive behaviour. It is not clear what the value of any such claim would be as against the Council at this stage.

### Contingent Assets

The Council is currently holding negotiations with a company regarding the share of proceeds from the potential disposal of a plot of land. Should these negotiations fail, the Council may choose to take legal action. These negotiations and potential legal action could provide the Council with a receipt of anything up to £4m.

## 40. Related Party Transactions

The Council is required to disclose material transactions with related parties – bodies or individuals that have the potential to control or influence the Council or to be controlled or influenced by the Council. Disclosure of these transactions allows readers to assess the extent to which the Council might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Council.

### Central Government

Central Government has significant influence over the general operations of the Council – it is responsible for providing the statutory framework, within which the Council operates, provides a large proportion of its funding in the form of grants and prescribes the terms of many of the transactions that the Council has with other parties (e.g. council tax bills, housing benefits). Grants received from Government departments are set out in Notes 8 and 10. Grant receipts unapplied are set out in Note 28.

### Dacorum Sports Trust

With effect from 1 April 2004 Dacorum Sports Trust, a registered charity and company limited by guarantee, was established to manage some of Dacorum Borough Council's leisure facilities including its leisure centres. The Trust is a separate legal entity and is not restricted from managing other facilities within Dacorum or elsewhere. The Trust uses Council support services (Legal Services, Insurance, and Landscape and Recreation services) paying for these under Service Level Agreements totalling £17k.

The following councillors were nominated to serve on the board of the Sports Trust during the year:

- Councillor Denise Rance
- Councillor Graeme Elliot

Dacorum Borough Council and the Sports Trust are obliged under the transfer to agree a Development Plan and Funding Agreement. Under the Funding Agreement the Council paid a grant of £0.575m to the Trust in 2014/15 towards managing those facilities (2013/14: £0.475m). Under the transfer agreement the ownership of the Council assets, leased to the Trust at a peppercorn rent, remain with the Council. Thus, the capital charges for the Council-owned assets continue to be included in the Council's accounts. The assets also remain in the Council's Fixed Assets. Hertfordshire County Council owns Longdean and Tring Sports Centre; under a joint use agreement with the Borough Council, the Trust manages the leisure services at those venues.

## Notes to the Core Financial Statements

As there is no group relationship between the Council and the Trust, the Trust's accounts are not consolidated with the Council's own Accounts.

### Members and Senior Officers of the Council

Members and Senior Officers of the Council have direct control over the Council's financial and operating policies. Disclosures of interest have been made in respect of the following organisations to which payments were made or from which payments were received (payments to major and local precepting authorities are excluded). The payments are not exclusively in respect of grants but where grants were given, they were made with proper consideration of declarations of interest and the relevant Members did not take part in any discussion or decision relating to the grants. In addition, two Members are trustees of the Dacorum Sports Trust (see above). The Register of Members' Interests shows both potential financial and other interests, including involvement with voluntary organisations, public authorities and representation on various bodies. It is open to public inspection by appointment – email [member.support@dacorum.gov.uk](mailto:member.support@dacorum.gov.uk) or telephone 01442 228222.

Organisation	Name	Payable	Receivable	Amount	Nature of Payment
		£	£	£	
Stage Two	Cllr Terence Douris	4,128	(2,000)	1,128	Supplies & Services
South Hill Centre	Cllr Neil Harden	10,293	(574)	9,719	Supplies & Services

### 41. Capital Commitments

The estimated maximum contractual commitments for capital expenditure for significant schemes (annual value over £250k) that had started, or where legal contracts had been entered into, as of 31 March 2015 are as follows:

Contract	Contractor	End Date	Maximum Estimated Annual Value £'000
London Road, Apsley, Redevelopment	Hills Partnership Ltd	23/01/2016	1,476
Supply of Refuse Vehicles	Dennis Eagle Ltd	16/11/2017	742
Total Asset Management	Osborne Property Services	01/01/2019	25,000
165-215 Longlands Roof-top Development	Keepmoat Regeneration Ltd	06/11/2015	1,472
Elms Hostel	Durkan Ltd	01/05/2015	224
Marlowes Shopping Zone	Greenfords Ltd	30/06/2015	856
Permanent Cantilever Walkway Support	Thomas Sinden	30/06/2015	1,476

# Notes to the Core Financial Statements

## 42. Events After the Balance Sheet Date

The Statement of Accounts was authorised for issue by the Corporate Director (Finance and Operations) on 24 June 2015. Events taking place after this date are not reflected in the financial statements or notes. Where events taking place after this date provided information about conditions existing at 31 March 2015, the figures in the financial statements and notes have been adjusted in all material respects to reflect the impact of this information. The following events have occurred as at 24 June 2015:

- The Council entered into a contract for the building of the Forum, an innovative new building to provide a central public service hub encompassing Dacorum Borough Council, the library, police station, Magistrates' Court and a Health Centre. This contract was signed on 7 May 2015 with a maximum commitment value of £16.9m
- As part of the Council's plans to relocate to the Forum in the early part of 2017, it has embarked on a project to reduce its current office space and prepare its current location for marketing. In April 2015 this involved entering into a contract for the demolition of part of the Civic Centre and the Court building. These sites will be revalued and reclassified during 2015/16.
- The Council has embarked on some exciting projects, with a focus on the regeneration of Dacorum. These plans highlighted the need for future borrowing which had been incorporated into the Council's Medium Term Financial Strategy. During the later part of 2014/15, Dacorum was able to secure access to below market rate borrowing through a Government run initiative aimed at improving economic growth and job creation. In advance of its borrowing requirement, the Council took advantage of these low borrowing rates to ensure long term affordability and making long term savings against previous plans. The borrowing of £19.8m was taken out on 11 May 2015.

# Housing Revenue Account

## 2. Vacant Possession Value of HRA Dwellings

Council dwellings had a valuation of £1,689 million as at 1 April 2014 on the basis of existing use value assuming vacant possession. To comply with the requirements of the Resource Accounting regulations, a regional adjustment factor of 39% has to be applied to the Existing Use Value for Social Housing (EUV-SH) valuation. This is to reflect the fact that local authority housing is let at sub-market rents. The reduction in value shows the economic cost to the Government of providing council housing at less than open market rents.

## 3. Number and type of dwelling

	31 March 2014	Reclassified	Additions	Sales & Demolitions	31 March 2015
1 bedroom flats	2,499	0	0	(16)	2,483

<b>Total Dwellings</b>	<b>10,391</b>	<b>0</b>	<b>0</b>	<b>(102)</b>	<b>10,289</b>

## 4. Major Repairs Reserve (MRR)

Regulation 7(5) of the Accounts and Audit Regulations 2003 (as amended) establishes arrangements for the Major Repairs Reserve (MRR) under which the MRA is effectively restricted to being applied towards new capital expenditure, the repayment of debt or meeting liabilities under credit arrangements. The regulation requires a credit to the MRR of an amount in respect of the depreciation charged to the Housing Revenue Account for the year. Together with the Item 8 Determination provisions for transferring the difference between the MRA and depreciation to the MRR, the net effect is to credit a net amount equal to the MRA each year to the MRR.

	2014/15 £'000	2013/14 £'000

<b>Total Capital Expenditure</b>	<b>25,612</b>	<b>27,069</b>
<b>Financed by:</b>		
Capital Receipts	(10,382)	(9,616)
Major Repairs Reserve	(2,935)	(4,154)
Capital Grants	(164)	(43)
Revenue Contributions	(12,131)	(13,256)
<b>Total Financing</b>	<b>(25,612)</b>	<b>(27,069)</b>

## 7. Capital Receipts

Receipts received from the sale of HRA assets were as follows:

	2014/15 £'000	2013/14 £'000
Sale of Land and Freehold	0	0
Easements Granted	49	0
Sales of HRA Dwellings	11,854	10,849
Discounts Repaid and Miscellaneous Dwelling Sales	0	41
<b>Total Capital Receipts</b>	<b>11,903</b>	<b>10,890</b>

Mortgage capital receipts of £20k were released in 2013/14 (2013/14 £20k) from the Deferred Capital Receipts Reserve to the Useable Capital Receipts Reserve in respect of mortgage repayments received during the year.

## 8. Depreciation and Impairment

Depreciation is charged on Housing Revenue Account assets in accordance with IAS 16. Depreciation is charged with reference to Balance Sheet values and the expected life remaining on the housing stock and other assets. Impairment arises when assets are revalued at a figure below their carrying value. In certain circumstances this fall in carrying value is chargeable to the Income and Expenditure Account.

	2014/15 £'000	2013/14 £'000
<b>Operational Assets</b>		
Depreciation on Council Dwellings	9,643	9,308
Revaluation on Council Dwellings	(32,551)	(33,035)
Impairment	20,288	22,002
Depreciation on Vehicles Plant and Equipment	32	22
Amortisation of Intangible Assets	20	20
Depreciation on Other Land and Buildings	20	21
<b>Total Depreciation and Impairment</b>	<b>(2,548)</b>	<b>(1,662)</b>

Depreciation on council dwellings has been charged on a straight line basis over the life of the dwellings, estimated by the valuer of the dwellings at 60 years.

## 1. General

This account represents the statutory requirement for billing authorities to maintain a separate Collection Fund, which shows the transactions of the billing authority in relation to Non-Domestic Rates, council tax and the distribution to the major preceptors and the General Fund. The account is consolidated with other accounts of the Council.

In 2013/14 there was a change to the method for distributing and accounting for business rates income. Prior to 1<sup>st</sup> April 2013 Non-Domestic Rates were collected by the Council and then completed paid over to the Government, who then redistributed these sums across the country in the form of the Non-Domestic rates grant.

From 1<sup>st</sup> April 2013 Business Rates Retention applies, whereby local authorities Dacorum Borough Council (40%) and Hertfordshire County Council (10%) retain 50% of the business rates collected for the area and pay the remaining 50% to central government. In addition the government has set a level of business rates funding deemed to be applicable to each area and every Council receives a top-up (if business rates collected are below this deemed level of funding) or pays a tariff (if business rates collected are above this deemed level of funding).

With the introduction of business rates retention if a local authority increases its business rates base, and thereby increases its business rate income, it is allowed to retain a proportion of this increased income, whilst paying up to a maximum of 50% across to central government. This payment where it occurs is known as a levy payment.

The Government has also stated that no local authority will suffer a reduction in business rate income or more than 7.5% of its Business Rates funding baseline. If business rates income falls below this 7.5% level (£150k for Dacorum Borough Council) then the Government will make a safety net payment.

## 2. Business Rates

Business Rates is a local tax that is paid by the occupiers of all non-domestic/business property.

Business rates are calculated and collected by the Council. The Government specifies an amount (48.2p in 2013/14; 47.1p for small businesses) and, subject to the effects of transitional arrangements, local businesses pay NNDR calculated by multiplying their rateable value by that amount. The income raised in Dacorum is distributed between Dacorum Borough Council, Hertfordshire County Council and Central Government in line with the distribution rules set out in Business Rates legislation.

NNDR income was £62.0m in 2014/15. The rateable value for the Council's area was £150.5m at 31 March 2015 VOA valuation (2013/14: £152.9m).

### 3. Council Tax

The Council tax base (i.e. the number of chargeable dwellings in each valuation band, adjusted for dwellings where discounts apply, converted to an equivalent number of Band D dwellings) for 2014/15 was calculated as 53,809.2 dwellings as follows:

Band	Estimated equivalent no. of taxable properties after effect of discounts	Ratio	Band D Equivalent Dwellings
A*	1.00	5/9ths	0.6
A	971.75	6/9ths	647.8
B	6,433.59	7/9ths	5,003.9
C	17,138.36	8/9ths	15,234.1
D	13,438.35	9/9ths	13,438.4
E	7,735.00	11/9ths	9,453.9
F	5,059.75	13/9ths	7,308.5
G	4,462.50	15/9ths	7,437.5
H	672.00	18/9ths	1,344.0
<b>Totals</b>	<b>55,912.3</b>		<b>59,868.7</b>
Adjustment for collection rate and contributions in lieu (0.6%)			(324.8)
Council Tax Support			(5,734.7)
<b>Council Tax Base 2014/15</b>			<b>53,809.2</b>
<b>Council Tax Base 2013/14</b>			<b>53,252.2</b>

A\* = Disabled Band A

The total collectable income from Council Tax for 2014/15 was £79.4 million.

The Council Tax payable at each band is shown below. This does not include parishes.

Band	Multiplier	Dacorum Borough Council	Hertfordshire County Council	Hertfordshire Police Authority	Total
A	6/9	117.77	745.89	98.55	962.21
B	7/9	137.39	870.20	114.97	1,122.56
C	8/9	157.02	994.52	131.40	1,282.94
D	9/9	176.65	11,18.83	147.82	1,443.30
E	11/9	215.91	1,367.46	180.67	1,764.04
F	13/9	255.16	1,616.09	213.52	2,084.77
G	15/9	294.42	1,864.72	246.37	2,405.51
H	18/9	353.30	2,237.66	295.64	2,886.60

## Glossary of Terms

For the purposes of this Statement of Accounts, the following definitions have been adopted:

<b>Accounting Period</b>	The period of time covered by the accounts, normally a period of twelve months, commencing on 1 April for local authority accounts. The end of the accounting period is the Balance Sheet date.
<b>Accrual</b>	A sum included in the final accounts attributable to the accounting period but for which payment has yet to be made or income received.
<b>Appointed Auditors</b>	These are the external auditors appointed by Ernst and Young (E&Y). They may be separate from E&Y's own operations directorate or from a major accountancy firm. The Council's current approved auditors are E&Y's own operations directorate.
<b>Approved Institutions</b>	Funds that are not immediately required may be invested but only with third parties meeting the credit rating criteria approved annually as part of the Council's Treasury Management Policies and Practices.
<b>Asset</b>	An item having value measurable in monetary terms. Assets can either be defined as fixed or current. A fixed asset has use and value for more than one year whereas a current asset (e.g. stocks or short-term debtors) can readily be converted into cash.
<b>Audit of Accounts</b>	An independent examination of the Council's accounts to ensure that the relevant legal obligations, accounting standards and codes of practice have been followed.
<b>Balance Sheet</b>	A financial statement that summarises the Council's assets, liabilities and other balances at the end of the accounting period.
<b>Budget</b>	A budget is a financial statement that expresses an organisation's service delivery plans and capital programme in monetary terms.
<b>SeRCOP</b>	Service Reporting Code of Practice. The system of local authority accounting and reporting which reflects, in particular, the duty to secure and demonstrate 'best value' in the provision of services. SeRCOP lays down the required content and presentation of costs of service activities.
<b>Capital Expenditure</b>	Expenditure to acquire or enhance fixed assets that will be used in providing services for more than one year.
<b>Capital Financing</b>	The raising of money to pay for capital expenditure. There are various methods of financing capital expenditure including borrowing, direct revenue financing, usable capital receipts, capital grants, capital contributions and revenue reserves. Dacorum is debt free and does not borrow to meet capital expenditure.
<b>Capital Programme</b>	The capital schemes the Council intends to carry out over a specified time period.
<b>Capital Receipt</b>	The proceeds from the disposal of land and other assets, as long as the amount is £10,000 or more. Proportions of capital receipts can be used to finance new capital expenditure, within rules set down by the government, but they cannot be used for revenue purposes.
<b>Cashflow Statement</b>	A statement that summarises the inflows and outflows of cash within the Council's accounts.

## Glossary of Terms

<b>CIPFA</b>	Chartered Institute of Public Finance and Accountancy. The principal accountancy body dealing with local government finance.
<b>Collection Fund</b>	A separate fund maintained by a billing authority that records the expenditure and income relating to council tax and non-domestic rates, including the amounts raised on behalf of Precepting Authorities
<b>Community Assets</b>	Assets that the Council intends to hold in perpetuity, that have no determinable useful life and that may have restrictions in their disposal. Examples of community assets are parks and historical buildings. The value of the assets in the Balance Sheet is usually nil.
<b>Contingent Liability</b>	A possible obligation arising from past events whose existence will be confirmed only by the occurrence of one or more uncertain future events not wholly within the Council's control. Alternatively, a present obligation arising from past events where it is not probable that a transfer of economic benefits will be required or the amount of that obligation cannot be measured with sufficient reliability.
<b>Contingent Asset</b>	A possible asset that arises from past events and whose existence will be confirmed only by the occurrence of one or more uncertain future events not wholly within the Council's control.
<b>Core Financial Statements</b>	The main accounting statements of the Council comprising the Comprehensive Income and Expenditure Statement, Statement of the Movement on the General Fund Balance, Balance Sheet and Cash Flow Statement. Together with the Supplementary Financial Statements these comprise the Council's Accounting Statements.
<b>Council Tax</b>	This is one of the main sources of income to a local authority. Council tax is levied on households within its area by the billing authority and the proceeds are paid into the Collection Fund for distribution to precepting authorities and for use by the billing authorities own General Fund
<b>Creditor</b>	Amounts owed by the Council for works done, goods received or services rendered before the end of the accounting period but for which payments have not been made by the end of that accounting period.
<b>Debtor</b>	Amounts due to the Council for works done, goods received or services rendered before the end of the accounting period but for which payments have not been received by the end of that accounting period.
<b>Depreciation</b>	The measure of the cost of the benefits of a fixed asset which have been consumed during the period. Consumption includes the wearing out, using up or other reduction in the useful life of the asset whether arising from use, passage of time or obsolescence through either changes in technology or demand for the goods and services produced by the asset.
<b>Estimates</b>	Where definitive figures are not available /cannot be found, estimates are used to produce the statement of accounts. These estimates are based on the best information available at the time of production.
<b>Events After The Balance Sheet Date</b>	Events after the balance sheet date are those events, favourable and unfavourable, that occur between the balance sheet date and the date when the Statement of Accounts is authorised for issue. Also referred to as Post Balance Sheet Events.

## Glossary of Terms

<b>Exceptional Items</b>	Material items deriving from events or transactions that fall within the ordinary activities of the Council needing to be disclosed separately by virtue of their size or incidence so that the financial statements give a true and fair view.
<b>Finance Lease</b>	A lease which transfers substantially all of the risks and rewards of ownership of a fixed asset to the lessee.
<b>Financial Year</b>	Period of time to which the Statement of Accounts relates. The financial year for Local Authorities runs from 1 April to 31 March.
<b>Fixed Assets</b>	Tangible assets that yield benefits to the Council and the services it provides for a period of more than one year.
<b>Government Grants</b>	Grants made by central government towards either revenue or capital expenditure to help with the cost of providing services and capital projects. Some government grants have restrictions on how they may be used whilst others are general purpose.
<b>Gross Expenditure</b>	The total cost of providing the Council's services before taking into account income from fees and charges and government grants.
<b>Housing Benefits</b>	A system of financial assistance to individuals towards certain housing costs administered by local authorities and subsidised by central Government.
<b>Housing Revenue Account</b>	A separate, statutory account inside the General Fund which includes the expenditure and income arising from the provision of housing accommodation by the Council acting as landlord.
<b>Impairment</b>	This is a reduction in value of a fixed asset as shown in the balance sheet to reflect its true value.
<b>Income</b>	This is the money that the Council receives or expects to receive from any source, including fees, charges, sales, grants and investment interest.
<b>Comprehensive Income and Expenditure Statement</b>	An account which summarises resources generated and consumed in the provision of services for which Dacorum Council is responsible.
<b>Infrastructure Assets</b>	Fixed assets belonging to the Council which do not necessarily have a resale value (e.g. highways) and for which a useful life span cannot be readily assessed.
<b>Intangible Assets</b>	These are non-financial fixed assets that do not have physical substance but are identifiable and are controlled by the authority through custom or legal rights e.g. computer software.
<b>International Accounting Standards (IAS) and International Financial Reporting Standards (IFRS)</b>	International Financial Reporting Standards cover particular aspects of accounting practice, and set out the correct accounting treatment, for example, of depreciation. Compliance with these statements is mandatory and any departure from them must be disclosed and explained. The standards originated in the commercial sector and some are not directly relevant to local authority accounts.
<b>Inventory</b>	These comprise one or more of the following categories: goods or other assets purchased for resale; consumable stores; raw materials and components purchased for incorporation into products for sale; products and services in intermediate stages of completion; long term contract balances and finished goods.

## Glossary of Terms

<b>Liability</b>	A liability arises when the Council owes money to others and it must be included in financial statements.
<b>Long Term Investments</b>	These are investments intended to be held for use on a continuing basis in the activities of the authority. They should be classified as long term only where an intention to hold the asset for longer than one year can be clearly demonstrated.
<b>Materiality</b>	This is one of the main accounting concepts. It ensures that the statement of accounts includes all the transactions that, if omitted, would lead to a significant distortion of the financial position at the end of the accounting period.
<b>Minimum Revenue Provision</b>	The minimum amount which must be charged to the revenue account each year for the repayment of borrowing.
<b>National Non-Domestic Rate (NDR)</b>	A standard rate in the pound set by the Government payable on the assessed rateable value of properties used for business purposes. Also known as Non-Domestic or Business rates.
<b>Operating Lease</b>	A lease whereby the ownership of the fixed asset remains with the lessor.
<b>Post Balance Sheet Event</b>	These are events, both favourable and unfavourable, which occur between the balance sheet date and the date on which the Statement of Accounts is authorised for issue.
<b>Precept</b>	The levy made by precepting authorities on billing authorities, e.g. Dacorum Borough Council. The major precepting authorities are Hertfordshire County Council and Hertfordshire Police Authority. Parish Councils, e.g. Tring Parish Council, also raise money by means of a precept on the relevant billing authority.
<b>Provision</b>	An amount set aside for liabilities or losses that are certain to arise but owing to their inherent nature cannot be quantified with any certainty.
<b>Prudential Code</b>	The Prudential Code, introduced in April 2004, sets out the arrangements for capital finance in local authorities. It constitutes 'proper accounting practice' and is recognised as such by statute.
<b>Rateable Value</b>	The annual assumed rental value of a property that is used for business purposes.
<b>Related Parties</b>	Two or more parties are related parties when at any time during the financial period: <ul style="list-style-type: none"> <li>• One party has direct or indirect control of the other party;</li> <li>• The parties are subject to common control from the same source;</li> <li>• One party has influence over the financial and operational policies of the other party to an extent that the other party might be inhibited from pursuing its own interests; and</li> <li>• The parties, in entering a transaction, are subject to influence from the same source to such an extent that one of the parties to the transaction has subordinated its own interests.</li> </ul>
<b>Related Party Transactions</b>	The transfer of assets, liabilities or services between the Council and its related parties irrespective of whether a charge is made.

## Glossary of Terms

<b>Reserves</b>	The accumulation of surpluses and deficits over past years. Reserves of a revenue nature are available and can be spent or earmarked at the discretion of the Council.
<b>Residual Value</b>	This is the net realisable value of an asset at the end of its useful life.
<b>Revaluation Reserve</b>	An account containing any unrecognised gains or losses arising from the revaluation of fixed assets held by the Council. When assets are sold, the gain or loss on sale will be recognised in the Income and Expenditure Account once all previous entries relating to unrecognised gains or losses have been removed from the accounts.
<b>Revenue Expenditure</b>	The day to day expenses associate with the provision of services.
<b>Revenue Expenditure funded from Capital under Statute</b>	Capital expenditure which may be properly treated as such, but which does not result in, or remain matched with, tangible fixed assets. An example would be capital expenditure on improvement grants.
<b>Revenue Support Grant</b>	A grant paid by the Government to councils, contributing towards the costs of their services.
<b>Code of Practice</b>	Since the adoption of International Financial Reporting Standards in 2010/11, local authorities required to produce their accounts in accordance with the Code of Practice on Local Authority Accounting.
<b>Statement of the Movement in Reserves</b>	Reconciliation between the Comprehensive Income and Expenditure Statement and the General Fund or Housing Revenue Account to show the effect of spending against Council Tax or Housing Rents raised.
<b>Supplementary Financial Statements</b>	Additional financial statements comprising the Housing Revenue Account and Collection Fund. Together with the Core Financial Statements comprise the Council's Accounting Statements.
<b>Trust Funds</b>	Funds administered by the Council for such purposes as prizes charities and specific projects usually as a result of individual legacies and donations.
<b>Useful Life</b>	This is the period over which an organisation will derive benefits from the use of an asset.
