

Annual Community Infrastructure Levy (CIL) rate Summary 2022

In accordance with Regulation 121C. of the Community Infrastructure Levy Regulations 2010 (as amended) CIL charging authorities must publish a statement in relation to CIL rates for the following calendar year.

This statement details the CIL rates that will be applied by Dacorum Borough Council for Planning Permissions that are granted between 1 January 2022 to 31 December 2022.

In order to keep the levy responsive to market conditions, an index of inflation is applied to the charging schedule.

From 1 January 2022, the index is the RICS CIL index published by the Royal Institution of Chartered Surveyors.

For more information on how the indexation figure was calculated please visit the <u>RICS</u> <u>website</u>.

The indexed rate is calculated by applying the following formula –

$$\frac{R \times I_{\mathcal{Y}}}{Ic}$$

R = The CIL rate

Iy = 332 (the index figure for the calendar year that this summary relates to (2022))

Ic = 254 (the index figure for the calendar year in which the charging schedule came into effect (2015))

The table below shows the indexed CIL rates that will be applied in Dacorum from 1 January 2022.

Development Type	Zone 1: Berkhamsted and surrounding area	Zone 2: Elsewhere	Zone 3: Hemel Hempstead and Markyate	Zone 4: Identified sites
