Dacorum Borough Council

Strategic Housing Land Availability Assessment (SHLAA) 2016

Volume 4: Mapping

Final Report

April 2016

AECOM

1. Introduction

1.1.1 This document represents Volume 4 of the Dacorum Borough Council Strategic Housing Land Availability Assessment, presenting the mapping of the sites in Dacorum Borough Council's area that were assessed as potential sites for housing development. It only includes sites that GIS information was available for, including all the sites that were 'accepted' through the assessment process.

1.1.2 The sites are mapped and referenced according to the wards in which they are located.

1.1.3 The sites include existing site allocations, planning applications, land in Dacorum Borough Council's ownership, surplus public sector land, vacant and derelict land and buildings, sites submitted through the 2015 Call for Sites and other potential opportunities.

1.1.4 Sites have been reproduced as submitted, however the site area used in the assessment has been adjusted for some sites to take account of development constraints such as flood risk or other environmental constraints.

1.1.5 The individual assessment and conclusion for each site can be found in Volume 2 of the SHLAA (Site Schedules) which is ordered by ward and site code.

About AECOM

AECOM is a premier, fully integrated professional and technical services firm positioned to design, build, finance and operate infrastructure assets around the world for public- and private-sector clients. The firm's global staff — including architects, engineers, designers, planners, scientists and management and construction services professionals — serves clients in over 150 countries around the world. AECOM is ranked as the #1 engineering design firm by revenue in *Engineering News-Record* magazine's annual industry rankings, and has been recognized by *Fortune* magazine as a World's Most Admired Company. The firm is a leader in all of the key markets that it serves, including transportation, facilities, environmental, energy, oil and gas, water, high-rise buildings and government. AECOM provides a blend of global reach, local knowledge, innovation and technical excellence in delivering customized and creative solutions that meet the needs of clients' projects. A *Fortune 500* firm, AECOM companies, including URS Corporation and Hunt Construction Group, have annual revenue of approximately $19 billion.
