Background

1. Trees are a vital component of the Borough’s biodiversity, landscape and cultural heritage. The Council is responsible for approximately 33,000 trees sited on Highways land, in parks and on Public Housing land.
2. The draft Trees and Woodlands Policy is attached as **Appendix A** to this report.
3. A summary of the policies contained therein are as follows :
 - **Policy 1** The Council will value our heritage of trees, both those retained from past agricultural land use and those planted as part of our townscapes.
 - **Policy 2** The Council will, wherever possible, retain and enhance tree cover within the Borough landscape.
 - **Policy 3** The Council will undertake and record routine tree inspections, to the tree stock for which it has a responsibility.
 - **Policy 4** The Council will undertake such works as considered necessary to maintain public safety within areas of public access.
 - **Policy 5** The Council will endeavour to take some action in response to residents’ concerns about trees, however, felling or pruning work will be constrained by:
 - Good practice as defined by BS 3998: 2010 – ‘Tree work – Recommendations’
 - Available Funding
 - The Council’s system of prioritising work
 - Existing site management plans
 - **Policy 6** Where major programmed works are proposed the Council will provide information to local residents.

- **Policy 7** Management of Borough woodlands will be undertaken to achieve the following objectives:
 - Public safety and access
 - Nature conservation
- **Policy 8** On land for which it has responsibility, the Council will, where able, plant a new tree to replace one that has been lost.
- **Policy 9** In order to provide residents with excellent value, the Council will procure the highest quality of tree work services at the most competitive rates.
- **Policy 10** On land for which it has responsibility, the Council will identify ancient trees and undertake any work needed to retain or restore their historic, aesthetic and conservation value.
