

## **Parking dispensations**

A situation may arise where either you or a tradesperson may need to park on a waiting restriction, in these situations you may be able to apply for a parking dispensation.

A dispensation is a temporary paper permit which will allow a vehicle to be parked in a location during the restricted times, such as yellow lines or parking for that the permitted time in a 'limited wait' bay for example.

### **Terms and conditions:**

Documentation/proof of the work to be carried out must be produced in all cases. Applications will be assessed individually, taking into account local conditions and likely availability of space.

Waivers should only be issued in extra-ordinary circumstances when it is essential for the vehicle to be adjacent to the affected property or site (e.g. fitting large panels of glass or when the use of a mobile generator is required). These circumstances do not include the use of the vehicle as a mobile workshop.

Tradespersons working for clients in Controlled Parking Zones should be advised to request the use of resident's visitor vouchers before requesting waivers. This will allow them to park in resident permit or shared use bays.

The exact location must be agreed with Dacorum Borough Councils Parking Service in advance.

If the dispensation is authorised for use in a restricted parking bay, then unlike parking suspensions, parking dispensations do not guarantee a parking space.

An extension to an existing dispensation will not be automatically approved; a new dispensation application must be submitted

Payment must be made upon authorisation from the Council, and before the agreed start date.

Dispensations are non-refundable.

Vehicles must not block other residents drop kerbs.

Vehicles must not cause an obstruction; the flow of traffic must be maintained.

Safe access for pedestrians must be maintained along any adjacent pavement or footpath.

Any misuse or complaints may result in the dispensation being withdrawn.

If you need to a dispensation for a longer period of time, or you require further information, please contact our Parking Centre on 01908 223505 or by email using [parking@dacorum.gov.uk](mailto:parking@dacorum.gov.uk)
