

Ian

I refer to the above and write on behalf of my client Taylor Wimpey UK Ltd (for whom Vincent and Gorbing submitted representations at the submission stage), noting as follows:

- They support the extended timeframe for adoption/implementation of CIL until April 2015
- They request a seat at the examination but reserve their right to appear subject to discussions with Vincent Gorbing

I trust the above is clear and no doubt you will contact me should you wish to discuss any matter(s) arising.

Thanks
