Question 4: Do you consider the content of the Council?s Regulation 123 list to be appropriate?	No

Q4 Comments:

The inclusion of Indoor Sports and Leisure Facilities in the Regulation 123 list is welcomed in principle. However, due to the limited amount of funding that is likely to be come available through CIL towards this type of infrastructure, the IDP should prioritise the key projects in the Borough the CIL funding will be directed towards in order to demonstrate that CIL will be used towards deliverable projects that will have the greatest impact on addressing the needs identified in the evidence base that underpins the core strategy and the IDP.

When the Council's Outdoor Sports Facilities Assessment is completed, the IDP and the Regulation 123 list should be amended to include any priority projects that have been identified to address the needs identified in the assessment. It has been presumed that outdoor sports facilities are not in the current Regulation 123 list because this assessment has not yet been completed.
